Tip Brings Arrest Of Von Ribbentrop

Once Dapper Nazi Foreign Minister Ends Up as Prisoner With "Bags Under His Eyes"

21ST ARMY GROUP HEADQUARTERS, Germany, June 15 (AP).—Long-hunted Joachim Von Ribbentrop, former German Foreign Minister, who knew thousands of Nazi secrets, was questioned tonight by Allied military experts as his captors recounted the details of his arrest.

The silver-haired former champagne salesman, whose capture resulted from a tip by the son of a Hamburg wine merchant who refused him haven, was taken yesterday in the Hamburg apartment of an attractive landlady, dressed in a pair of pink and white pyjamas and with a phial of poison on his body.

An officer said Ribbentrop spent the night at Hamburg and was moved today to Lueneberg airfield for a destination "somewhere in Europe." He was reported to have been taken to Gen. Eisenhower's headquarters at Frankfurt on Main, for questioning by most skilful examiners in the Allied Supreme Command.

The once-dapper foreign minister, generally credited with having "sold" Hitler on the idea that he could invade Poland without interference from Britain, was identified to British authorities by his sister, Frau Doctor Marie Jenke, also taken into custody. Several days ago Ribbentrop's son, Rudolf, was discovered in a prisoner-of-war cage.

Ribbentrop told his captors he was on "a mission from the dead Fuehrer," it was said officially. When asked whether Hitler was really dead, Ribbentrop is said to have replied: "I am certain he is but, of course, I might be wrong."

Lieut. J. B. Adam, of Paisley, Scotland, who led the arresting detachment, was interviewed by telephone to-

THE TIMES, London

News and Comment on International Events selected from The Times daily and published in The Daily Colonist by special arrangement with The Vancouver Daily Province.

LONDON, June 15.—Reconstitution of the Viceroy's Indian Council to make it almost entirely Indian, and release Congress party leaders from prison, where they have been for some years, should go far, says The Times, to end the present political deadlock which has stood in the way of India's progress to full Dominion status.

The latest moves owe final shape to the indefatigable efforts of Lord Wavell and L. S. Amery, secretary of state for India. They should set at rest any doubt of the earnest desire by the British people to assist India to attain full membership in the British Commonwealth, with freedom to remain in it or outside as her inclination may decide.

The risks involved are real, but the best safeguard against them is to imbue the entire Governmental structure of India with a spirit of co-operation. Indian political life, for a long time past, has became paralyzed by sterile disputes at a time when the country's supreme need is for purposeful long-term planning.

No Indian-sponsored plan for political development consequently has been forthcoming and the British policy toward India has been threatened with frustration. Now the Indian party leaders are invited to co-operate fully in central and provincial administrations without prejudice to the form they themselves may wish to give to the future structure of the Government.

If the leaders so determine they can begin to govern India today in what will be virtually their own Cabinet. There may be some heart searchings over the retention of the Governor-General's reserve powers necessary for protection of minorities, but they will never be employed

Good Faith Principle of Peace Body

Russia Says Pledge Phrase Unnecessary

By C. R. BLACKBURN
Canadian Press Staff Writer

SAN FRANCISCO, June 15 (CP).—"Good faith" today was added to the principles of the proposed United Nations world organization.

A commission of the World Security Conference unanimously adopted a proposal by Colombia that member countries of the postwar league pledged themselves to "good faith" in the observance of obligations assumed in signing the World Charter.

The proposal was adopted unanimously but only after long debate in which a spokesman for Russia opposed the phrase as unnecessary. There was little indication, however, of a big-five retreat from the stand against any further relaxation of their right to veto virtually any action proposed in the Security Council.

Progress of the conference is still hampered by the stubborn efforts of the middle and smaller powers to gain concessions on three points:

1. A provision sponsored by Canada and Brazil to have a constitutional assembly within from five to ten years for purposes of revising and amending the constitution.

2. A demand, in which Canada is not active, that the veto power of the Big Five shall not apply to a proposal to call an amending meeting of the General Assembly nor to amendments that may be proposed.

3. A demand that into the constitution of the world organization be written a provision giving a member country the right to withdraw from the league.

The Canadian-Brazilian proposal (point No. 1) subsequently failed to obtain a two-thirds majority when it was put to a vote in committee. It was reported 28 nations favored the provision and 16 opposed it.

Canada is fighting hard to win on the proposal to make the callings of a constitutional assembly automatic within the five-year period after coming into force, but is not particularly worried about the veto angle at this moment, believing that within ten years or less the attitude of the big five may be altered.

The main point is that acceptance of the draft charter as proposed by the Big Five, with their extraordinary powers of control, will be more easily obtained in national legislatures if there is assurance of a chance to revise the constitution within a stated period. Lacking that assurance, most of the small countries want the right to withdraw from the organization at will, in the event decisions are forced upon it through exercise of the veto power.

No Action Yet on French Requests

PARIS, June 15 (CP).—A member of the French General Staff said today that the Government still was awaiting word from the European Advisory Council on the delimitation of France's zone of occupation in Germany.

The French want to occupy German territory running from Cologne to the Swiss border. They originally asked for the right to administer both Cologne and Stuttgart.

Britain's Parliament Ends As Members Begin Campaigns

LONDON, June 15 (CP).—The longest Parliament in modern British history, which served throughout the war in Europe and laid the groundwork in planning for the peace, ended today, 20 days before the general election July 5, which will decide the fate of Prime Minister Churchill's "caretaker" Government.

Dissolution today automatically set nomination day for June 25 and voting for July 5. The election result will be announced July 26, after the counting of ballots from service personnel overseas.

Amid all the ceremony connected through the ages with the legislative system in the mother of democracy, the 37th Parliament of the United Kingdom—a Parliament that sat during the reigns of three kings—was dissolved nine years six months and 20 days after it first assembled November 26, 1935.

Sitting under three Prime Ministers—Stanley Baldwin (now Earl Baldwin), the late Neville Chamberlain and Winston Churchill,—it witnessed the abdication of King Edward VIII in 1936, the hectic but insufficient rearmament program of the late 1930's, the years of British reverses following the outbreak of the war and the long uphill fight culminating in the defeat of Germany.

But while the final session which ended today was devoted mainly to peace planning, the war for Britain was not yet finished.

"The downfall of our enemy in Europe enables us to bend all our energies to the task, which we shall share with our allies, of crushing the aggressor in the Far East," said the Speech from the Throne, read to the assembled lords and commoners by

Prominent Military Officials Here on Inspection Tour

—By Staff Photographer.

MEMBERS of the Combined Committee on Air Training in North America, shown in the above photograph, left Victoria yesterday morning to inspect R.C.A.F. stations at Patricia Bay and Comox. The committee, which was formed as a result of the Ottawa Air Conference in 1942, meets periodically to co-ordinate and standardize air training methods among all Canadian, British and United States air services. A conference was held earlier this week at Vancouver.

From left to right are: Capt. John P. Rembert, U.S.N.; Air Vice-Marshal A. de Niverville, C.B., R.C.A.F., member of the Air Council for Training; Brig.-Gen. William W. Welsh, United States Army assistant Chief of Air Staff for Training; Air Vice-Marshal D. V. Carnegie, A.F.C., liaison officer in chief, United Kingdom Air Liaison Mission, Ottawa.

A fifth member is Group Captain C. G. Lott, C.B., D.S.O., D.F.C., chief of the R.A.F. delegation at Washington, D.C.

The committee is expected to return to Vancouver before Sunday.

"Big Three" to Meet in Berlin

LONDON, June 15 (CP).—Clement R. Attlee disclosed today that the "Big Three" meeting will take place in Berlin.

Mr. Attlee, former deputy prime minister and present leader of the Labor Opposition, made the disclosure in a letter to Prime Minister Church accepting the Prime Minister's invitation to attend the "prospective conference in Berlin."

In Washington, the White House confirmed that the meeting will take place in the vicinity of Berlin.

Pacific Pilots To Be Drawn From Reserve

High-ranking R.C.A.F. officers here yesterday revealed that no new pilots are being trained for the Canadian air force. Pilots for the Pacific War are to be drawn from present large reserves.

Former instructors, who are expected to make up a large part of the force, are being given second pilots' refresher courses at Camp Borden, Ont., it was stated. Another school, the location of which has not been decided, will be opened in the near future to train first pilots.

Air Vice-Marshal A. de Niverville, C.B., R.C.A.F. representative on the Combined Committee on Air Training in North America, which left here yesterday, said the only new pilots being trained in Canada now were those of the Royal Air Force and the Royal Navy.

These are being trained in elementary schools at Saint John, N.B.; Pendleton, Ont., and Yorkton, Sask., and in service schools at Calgary, Souris, Man., and Haegersville, Ont. Royal Navy Fleet Air Arm pilots are being given courses at Kingston, Ont., the air vice-marshal said.

He did not reveal the size of the R.C.A.F. force going to the Pacific theatre.

Brig.-Gen. W. W. Welsh, United States Army Assistant Chief of Staff for Air Training, and head of the combined committee, said the United States Army had also ceased training new pilots. Present training in the United States is limited to giv-

Three Naval Shells Almost Land on Oak Bay Homes

Beach Drive homes escaped serious damage by a few hundred yards just before noon yesterday when three shells from a naval vessel in the Strait of Juan de Fuca were fired over the links of Victoria Golf Club and landed in the water east of 1101 Beach Drive, the home of H. B. (Barney) Olson.

Capt. P. Barry German, R.C.N., said yesterday afternoon at H.M.C.S. Givenchy that he had no statement to make about the incident. He would neither confirm nor deny a report that the shells came from an R.C.N. vessel.

Mr. Olson, closest witness of the shell landings, said he was cutting wood on his beach when he heard the first shell coming.

"I had only heard a shell before in the movies and it had a high whine just like that," he stated. "The first one landed several hundred yards offshore, and when the second landed closer I started moving. By the time the third landed about 150 yards offshore I was halfway to my house, intending to get my family and myself into my basement. I was really moving. It was certainly uncomfortable."

Recalling that the shells appeared to be coming directly over his home, Mr. Olson said, "I figured if they were going to fire any more it would land on my house."

He could not estimate the shells' calibre, and said he was not sure whether they exploded under the water.

Oak Bay police received reports at 11:50 a.m. from the Oak Bay Beach Hotel, 1175 Beach Drive, and from several Beach Drive residents. Men at Victoria Golf Club said the shells made a loud scream as they passed over the links. They said naval surface craft had been seen in the strait.

One Beach Drive resident reported that immediately following the

B-29's Set Osaka Afire

GUAM, June 16 (Saturday) (AP).—Osaka was in flames today from what may have been a knockout blow such as the commander of the Superforts said already has been dealt to two of Japan's five key cities.

After a near-record force of 520 Superfortresses unloaded 3,000 tons of incendiaries on Osaka, Friday (Japanese date), Maj.-Gen. Curtis Le May said further raids on this greatest of all Japan's industrial cities might be unnecessary.

One of the big bombers failed to return, 20th Air Force Headquarters in Washington announced.

The damage done to Osaka was not immediately assessable because thick clouds forced the raiders to bomb by instrument. The Tokio radio admitted that "a number" of fires were started. Nearby Amagasaki also was hit.

Paul Reynaud on Stand at Trial of Marshal Petain

PARIS, June 16 (AP).—Paul Reynaud told a commission of judges preparing ground today for Marshal Petain's trial that he tried to prevent France from signing the armistice with Germany five years ago, but was overruled by Petain and Camille Chautemps. Petain succeeded Reynaud as Premier June 16, 1940. Chautemps became Petain's Vice-Premier for a time.

Japs Leaving Wenchow Port

CHUNGKING, June 15 (AP).—Japanese forces in Chekiang Province have begun withdrawing from Wenchow under the fire of pursuing Chinese troops who have launched an attack on the former treaty Port 440 miles west of tottering Portawa, the Chinese High Command said today.

Apparently the Japanese intend to extract their forces from Wenchow, a potential coastal death trap, to strengthen their hold on the vital Yangtze River line in the area between Hankow and Shanghai, 230 miles farther north.

A large part of the enemy forces in Wenchow have retreated northward out of the city across the Wu River Estuary, the Chinese said. The High Command added that Japanese units remaining in Wenchow are "being held and attacked by our forces."

Other Chinese units 780 miles to the southwest in Kwangsi Province recaptured the railway town of Ishan, 43 miles west of Liuchow, early yesterday, the High Command announced late tonight. Three hundred casualties were suffered by the enemy, a bulletin said.

Operations in the Ishan area are part of the offensive drive of the Chinese against the western flank of the ruptured Japanese land corridor leading from Korea to French Indo-China.

CANCELS ENGAGEMENTS

PARIS, June 15 (AP).—It was said in official quarters today that Gen. De Gaulle has canceled all engagements after June 18 in order to be able to leave for the United States. He was said to be hoping to fly to Washington as soon as President Truman's schedule permits him to discuss some of France's problems.

Cabinet Decision Await Result of Service Votes

OTTAWA, June 15 (CP).—The number of important decisions facing the Federal Cabinet have been deferred until the announcement of the service vote, expected next Tuesday, determines how the Liberal Administration stands in the Federal election last Monday, when civilians cast their ballots, it was learned today.

These decisions include the day on which the first session of the 21st Parliament will be summoned, an expected reorganization of the Federal Cabinet, Prime Minister Mackenzie King's projected visit to Washington, and whether the Prime Minister will represent the ministry at the close of the World Security Conference at San Francisco.

During the absence of many of the ministers who took part in the election campaign, the Cabinet was unable to give much attention to departmental affairs.

Another Cabinet meeting will be held next week and in the meantime the Prime Minister has made no decision on his projected visit with President Truman at Washington or on who will go to San Francisco

All British North Borneo Comes Under Australian Control by Martial Law

Broken Jap Forces Stream Into Western Borneo—Clean-Up Continues on Luzon Island

MANILA, June 16 (Saturday) (AP).—Australian troops have captured Timbalai airstrip, third field taken in their invasion of Borneo, and reduced the last known Japanese positions on Labuan Island, it was announced today.

The Japanese also have been cleared out of positions north of the town of Brunei, which has been secured, a headquarters communique said, as all North Borneo came under Australian control and martial law except for pockets of enemy resistance.

Broken Japanese forces, without fleet support and almost non-existent air power, were streaming southward into Western Borneo, where they already have fired the Seria and Miri oil fields in obvious preparation for further flight.

In the cleanup campaign on the Northern Philippine Island of Luzon, Americans surged 22 miles out into the open in the Cagayan Valley after a long, slow progress through the mountains.

The advance, one of the fastest of the Philippines campaign, liberated the valley towns of Santiago and Echague, the communique disclosed.

The Cagayan Valley, more than 100 miles long, is the location where the Japanese have been expected to make possibly their last major stand on Luzon.

As forces also drove five miles northward along the only road through the mountains to the west of the valley, sealing tighter the enemy units caught in that wilderness, resistance was scattered.

On the Southern Philippine Island of Mindanao, American forces cleared the enemy from numerous caves and pillboxes in the Davao area and made new advances towards the inland town of Baguio.

An Associated Press war correspondent, James Hutcheson, reported from Borneo that 120 mistreated, emaciated, British, American and Dutch "slave" workers were in the hands of the retreating Japanese on the oil and rubber-rich island.

Martial law was proclaimed yesterday for all British North Borneo by Lt.-Gen. Leslie J. Morshead, Australian Corps commander, on authority vested in him by Gen. MacArthur as Allied Commander-in-Chief in the Southwest Pacific.

Widespread air operations continued throughout the Southwest Pacific Command area.

Medium and fighter-bombers dropped 230 tons of bombs in support of ground operations on Luzon.

Formosa again was bombed, 368 tons being dropped on towns and airfields in the southwestern part of the island.

Mayhew Is Reported to Be Ahead

Say Service Vote Erases Drayton Lead

Reports reaching Liberal sources in Victoria yesterday were to the effect that the armed services' vote, still incomplete, had not only wiped out the lead of 56 votes held by Sir Henry Drayton, the Progressive Conservative candidate in the election of last Monday, but had put R. W. Mayhew, sitting Liberal member, ahead by more than 30 votes.

Liberal sources here were reticent late last night as to the actual lead now said to be held by Mr. Mayhew, but earlier reports yesterday indicated that information was being made available to Liberal headquarters here.

In a special dispatch received by The Daily Colonist from Ottawa, Jules Castonguay, chief electoral officer, is reported as having said last night that results of the vote of the armed service personnel for Victoria in the Federal general election have not reached Ottawa yet.

Completion of the vote of the service personnel, stationed in different parts of British Columbia, is being made in Vancouver, but none of these results, including those for Victoria constituency, have been received in Ottawa so far. Asked about the report that Sir Henry Drayton's lead over R. W. Mayhew has been cut to one vote as a result of the soldier vote counting which is still incomplete, Mr. Castonguay said: "As none of the other returns are available, that could only apply to the compilation being made at Vancouver. But I have not received any service returns from British Columbia yet, so I cannot say if the report is correct."

Returns of the service vote had not been received in Ottawa late last night either from any of the various overseas voting territories. Mr. Castonguay stated he did not expect the returns from overseas would arrive before Monday.

There are also other residents of Victoria stationed in other areas of Canada whose votes have also to be compiled and the results sent to Ottawa.

British Beat Off Enemy Assaults

CALCUTTA, June 15 (CP).—Japanese troops have thrown repeated attacks against British positions in the area east of Prome in Southern Burma, and have been beaten off in each assault with heavy losses, a Southeast Asia communique announced today.

The attacks were supported by mortar and artillery fire. Japanese in the area were bombed by air force Mosquitos.

In the fighting along the Toungoo-Mawchi Road toward Thailand, British troops occupied two more hill positions 21 miles east of Toungoo without opposition.

More Blood Donors

TORONTO, June 15 (CP).—Russell T. Kelley, chairman of the Red Cross blood donor service in Ontario, said tonight the Canadian Red Cross will need more than 500,000 blood donations annually to meet requirements for Canadian and British servicemen in the Pacific fighting.

Sharp Tremor Felt in City

A sharp earthquake tremor of moderate intensity was felt throughout Victoria, lower Vancouver Island and Vancouver yesterday at 3:24 p.m. No damage was reported.

The tremor was felt distinctly in local homes and office buildings, and immediately following its cessation many calls were received by officials at the Dominion Astrophysical Observatory, Saanich.

According to Dr. Kenneth O. Wright, of the observatory, the centre of shock was within 100 miles of Victoria, but not in the city itself.

"It was the strongest shock we have felt this year, although it was nothing to cause alarm," Dr. Wright said. "It could be felt for only a few seconds, but lasted for two minutes, according to our seismograph record," he added.

In Nanaimo goods fell from the shelves of a downtown cafe, and persons in all sections of the city noticed the tremor. Several residents also reported having seen an exceptionally heavy tide-rip line at 11:30 a.m., which extended for some distance across Nanaimo harbor.

Clerks in Vancouver stores were especially aware of the earthquake, saying it lasted for several seconds. One woman living in the Kitsilano district of Vancouver, when inquiring of a newspaper, said the shock felt exactly like the Greenhill Park ship explosion of two months ago, except that there was no noise.

Believe O'Kelly To Be President

DUBLIN, June 16 (Saturday).—Election of Sean T. O'Kelly as president of Eire was believed certain today with complete results tabulated from 22 out of the 30 election districts.

Mr. O'Kelly, Government party candidate in the June 14 election and backed by Prime Minister De Valera, polled 439,930 votes to 279,257 for Gen. Sean Mac Eoin, candidate of the Opposition Fine Gael party, and 166,390 for Dr. Patrick McMartin, Dublin physician.

The election, first for president in Eire's history, was made necessary by retirement of Dr. Douglas Hyde, 84-year-old president whose seven-year term expires June 26. No election was required when Dr. Hyde was chosen for the office.

Boundary Line Set

ROME, June 15 (AP).—Allied and Yugoslav delegations in joint conference on the settlement of the Trieste question, today agreed on the "exact definition of boundary line." Allied Headquarters here announced. The boundary lines were not disclosed. The conferees are meeting at British Thirteenth Corps Headquarters at Duino, ten miles northwest of Trieste.

RUSSIANS HOLD SWISS

LONDON, June 16 (Saturday) (CP).—A statement by the Russian News Agency Tass, broadcast by the Moscow radio, said today that repatriation of Swiss citizens liberated by the Red Army has been suspended by the Soviet Government until "precise information" has been received from Switzerland that steps have been taken to improve conditions for Russians in that country and repatriation of Russians has been hastened.

FLEET ON WAY

SAN FRANCISCO, June 15 (AP). — The American Broadcasting Company (blue network) intercepted a Tokio report tonight that an Allied fleet is approaching the rich oil refinery centre of Balikpapan on the East Central coast of Borneo. The enemy radio said three battleships, a seaplane carrier, 16 destroyers and "other warships" comprised the armada.

McEwen Will Lead Canadian Air Force in Pacific Area

OTTAWA, June 15 (CP).—Air Vice-Marshal Clifford M. (Black Mike) McEwen, fighter ace of the First Great War and commander of Canada's bomber group in England in this one, has been appointed air officer commanding the R.C.A.F. force the Dominion will send to the Pacific, Air Minister Gibson announced tonight.

The size and composition of the formation the 48-year-old officer will command is not yet known. But the minister's announcement said official word could be expected soon on the make-up of Canada's air contribution to the Pacific.

Air Vice-Marshal McEwen had been named previously in speculation on choice of a Pacific air commander. And it is expected that Canada's Pacific air formations, which will operate under overall R.A.F. command, will consist of about 15 or 20 squadrons, mostly bombers.

It is believed many of the veteran squadrons that helped subdue Germany in Europe, a number of which have since arrived home or are on their way—will be included in the Pacific force.

Air Vice-Marshal McEwen, whose home is in Montreal, is expected to return to Canada shortly to assume his new command.

"Black Mike," as he is popularly called, destroyed 34 German planes in the First Great War and flying has been his career. Born in Griswold, Man. in July, 1896, he attended Moose Jaw College and University of Saskatchewan and enlisted in the C.E.F., in 1916, later transferring to the Royal Flying Corps.

Over France, Germany and Italy, he distinguished himself as a crack fighter pilot. In January, 1918, he was awarded the Military Cross after shooting down six enemy planes. By July he had added another five Huns for which he won the D.F.C. During the next four months he knocked down 20 more and won a bar to the D.F.C.

After the war he served for a time on the Canadian Air Board until formation of the R.C.A.F. in 1924 when he was a flight lieutenant. By 1937 he was a wing commander and two years later became a group captain in Canada's young air force.

When the Canadian Bomber Group was formed in January, 1943, "Black Mike" was posted overseas as an air commodore to take command of a station under the group.

Then Air Vice-Marshal G. E. Brookes, air officer commanding the R.C.A.F. Bomber Group, returned to Canada in April, 1944, and McEwen left his bomber station to command the bomber group.

Col. Jeffery to Assist Council

Forrest L. Shaw, president of the Citizens' Rehabilitation Council, announced yesterday that the council had secured the services of Col. J. Jeffery, O.B.E., M.C., as its representative to work in co-operation with the Department of Veterans' Affairs.

A permanent office is being opened by the council, the location of which has not yet been definitely decided.

Mr. Shaw emphasized that the work of the council in no way duplicates that of the Department of Veterans' Affairs. "In order to avoid any duplication of work in the city, it is most important that all organizations interested should be represented on the council," he stated.

Col. Jeffery is a veteran of two wars—and has 46 years' continuous army service. Enlisting with the British Army at 15 years of age, he served in South Africa and at several stations in the Mediterranean. He came to Canada in 1913 and, on the outbreak of Great War, joined the 13th Canadian Infantry Battalion, serving with the battalion overseas until the end of the war.

In 1915 he was commissioned in the field, and rose to the rank of major in September, 1916. He was mentioned in dispatches and awarded the M.C. in 1915, and received the O.B.E. in January, 1919.

Returning to Canada after the war, Col. Jeffery was appointed to the permanent force, Royal Canadian Regiment, and served at the Royal Military College and at London M.D. No. 1 as district cadet officer.

In 1940 he was appointed commandant I.T.C. at Aldershot, and was promoted to his present rank in July, 1942.

Not Using Hotel For Servicemen

VANCOUVER, June 15 (CP).—The old Vancouver Hotel, now used as a headquarters for Pacific Command, is not going to be used as a hostel for returning servicemen, it was learned here today.

It had been announced recently by Maj.-Gen. F. F. Worthington, general officer commanding-in-chief, Pacific Command, that two floors of the hotel would be vacated as soon as possible to provide temporary living quarters for returning servicemen and their families.

It was learned, however, that the Canadian Pacific Railway, owner of the structure, had advised Federal Government officials at Ottawa that the hotel must be used as a headquarters for Pacific Command and will not be available as a means of relieving the critical housing situation here.

Trials of German and Italian war criminals, says The Times Parliamentary correspondent, will start this month. They will be charged with offences contrary to the laws and usages of war. All Nazis in British prison camps will be tried exclusively by British courts, and the plea of having acted under orders will not in itself be accepted as an adequate defence.

Shooting of British prisoners will be investigated with the utmost rigor. War criminals who committed offences in other countries, like Russia for instance, will be sent back there for trial. At the trials of guards and persons responsible for concentration camp horrors, military tribunals will sit.

As for persons like Goering, an inter-allied, prosecuting organization will be set up to conduct proceedings in an inter-allied court. The British war crimes' executive already has been selected to assist the Attorney-General to prepare the cases.

The United States has proposed that Gestapo and similar Nazi organizations should be regarded as criminal from the start and that membership in itself would be evidence of criminal conspiracy. Thus members against whom evidence was defective would not escape just punishment.

It was a wistful parting for many members. Since this Parliament lasted longer than any other for nearly 300 years, an unusually large number of members are retiring because of age or for other reasons.

Lady Astor, Gen. Sir Ernest Makins, Rear-Admiral Percy Beamish, Sir Murray Sueter, Sir Alfred Knox and Sir Harry Selley, all Conservatives, and William Leach and Will Thorne, of the Labor party—these are among the members who were present for the last time.

The dissolution ceremony was similar to that in the Canadian House of Commons, but the longer tradition of parliamentary Government gave the ceremony even more dignity than that at Ottawa.

ing pilot courses to returned navigators and bombardiers. About 1,000 per month are receiving such training, he revealed.

Brig. Welsh favored compulsory military training in peacetime, and said air training should be considered an essential part of any such defence measures.

He predicted great developments of international air transport when hostilities cease.

sound of gunfire in the strait shells whistled overhead. Each one could be heard for several seconds, he said, and 15 or 30 seconds separated each shot.

Most witnesses agreed that the shells were fired in a general northeasterly direction.

Mr. Olson said if the incident had occurred in the evening when boats were out in Oak Bay, the consequences might have been serious.

Royal Air Force Losses for War Total More Than 20,000 Craft

LONDON, June 15 (CP).—Total R.A.F. losses for the European theatre from 1939 to 1945 were 14,485 aircraft, and for the Mediterranean and Middle East Squadrons from June, 1940, to May, 1945, were 5,735, the Air Ministry announced tonight.

The statistics are over-all figures for various R.A.F. commands, thus including the R.C.A.F., the R.A.A.F. and other component units, the Air Ministry explained.

European theatre losses were broken down as follows: Bomber Command, 9,163; fighter, 3,558; army co-operation, 70; 2nd Tactical Air Force, 215; coastal, 1,479.

There was no breakdown of the Mediterranean and Middle East total which includes Dominion and such Allied squadrons as the Free French, Polish and others which at various times fought under R.A.F. Command.

Von Ribbentrop

Continued from Page 1

night from 8th Corps headquarters and gave this account of Ribbentrop's capture:

"We called at a very unpretentious block of flats about 9 a.m. and knocked on the door of the top floor, but getting no answer we nearly decided to break it down when a lady in a dressing gown appeared. She was dark-haired and very attractive and we learned later she was 35 and divorced.

"We brushed her aside, saying we'd come in and search. My Belgian sergeant, a strong-armed sort of a fellow, shouted: 'There's a man in here' in French, so we converged on his room.

"Ribbentrop was just beginning to realize something was doing. He was lying prone when the Belgian grabbed him by the shoulder and said in German, 'get up.'

"Ribbentrop kept muttering in German: 'What's the matter?' He was dressed in pink and white pajamas of ordinary-looking cloth, nothing fancy.

Lieut. Adam said: 'We searched him from top to bottom while he kept muttering, 'what's the matter?' Then he started putting on his clothes as we asked him questions like how long he had been here, where he had come from. He replied: 'A few weeks. From up north.' And I told him: 'These are vague answers.'"

The lieutenant said Ribbentrop was nearly finished dressing when he confessed his identity and added: "I prefer to speak in English."

The landlady was placed under arrest and her identity officially concealed.

On the way to British headquarters for a medical search, which revealed a poison kit taped to Ribbentrop's body, the Nazi official was "very thoughtful—very worried about his family who, he said, were in South Germany," Adam said.

"Ribbentrop, en route to headquarters, had kept his hands clasped in front of him," the lieutenant asserted. "We were taking no chances. Several times he referred to the 'dead Fuehrer' and he was very ruminative, very thoughtful as he mentioned the separation from his family. He said he had left Berlin before its capitulation and talked mysteriously of his mission from the dead Fuehrer."

Two large buff-colored envelopes lay on the table in the room with hand-written addresses to Prime Minister Churchill and Field Marshal Montgomery.

Ribbentrop declared: "I want to ask you a favor. You put that envelope addressed to the Prime Minister inside the one addressed to the Field Marshal and deliver them intact to your commander."

A staff officer here said tonight the letters expressed "the propaganda line one would expect Ribbentrop to adopt. He tried to pretend he never wanted war between Britain and the Third Reich."

In addition to these letters Lieut. Adam said there was a third letter to Foreign Secretary Eden of Britain.

Lieut. Adam said also that "we found several hundred thousand reichsmarks in his possession in big notes. I wouldn't recognize Ribbentrop from his photograph. He looked older, puffier, with bags under his eyes.

There was not a trace of liquor in his room and I don't think he had been drinking hard lately. We took him and the woman in a jeep to headquarters. Both claimed he took the room in her flat just a few weeks ago without prior acquaintanceship."

British investigators said the son of the wine merchant became suspicious about the mysterious stranger who visited his father's shop so often and told British military police he believed he was Von Ribbentrop. The raid on the flat followed.

The manhunt ended. Ribbentrop's case still was crammed with intriguing mysteries which Allied authorities had not clarified tonight. Among the unanswered questions were:

What was in the three letters to Britain's top governmental and military leaders?

What occurred at his last meeting with Hitler?

What does he know of Nazi hideouts established during wartime in Spain, Latin America and elsewhere?

OTTAWA, June 19 (CP).—Capture of Nazi Foreign Minister Joachim von Ribbentrop in Hamburg recalled today his days in Ottawa just prior to the First Great War when he was a junior in a bank, a dashing young blade of 21, who repeatedly said he foresaw a "great future" for himself.

The future Nazi war criminal lived at a boarding house known as the Sherbrooke. Those who knew him then recall how he set up a miniature gym in his room, with parallel bars, a flying swing and a vaulting horse and delighted in giving exhibitions of his agility. This paid off on the tennis courts and he was regarded as one of the better players of the Rideau Tennis Club.

He was playing tennis the day he was told of the outbreak of the First Great War and left the game immediately, and his friends presumed he would be called to Germany to join his regiment, the Death's Head Hussars. However, just what happened after that never was quite clear for Von Ribbentrop disappeared from Ottawa shortly after.

Cabinet Decisions

Continued from Page 1

to represent the ministry at the close of the United Nations Conference.

Defence Minister McNaughton, who failed to win a seat in the House at Monday's election, returned to Ottawa today.

Speculation runs high in political circles on:

1. The number of seats which may be changed from the result indicated in the civilian vote as a result of the addition of service votes next Monday.

2. Reorganization of the Cabinet. The name of Hon. Douglas Abbott, Navy Minister, one of the Liberal candidates whose seats is considered in doubt pending the disclosure of the soldier vote, has been mentioned as a successor to Gen. McNaughton as Defence Minister. His selection is considered possible if he holds his seat and if Mr. King decides not to open another seat for Gen. McNaughton. Among other names mentioned are those of Hon. C. G. Power, former Air Minister who broke with the Government on the conscription issue, and Colin Gibson, present Air Minister.

In the filling of available Cabinet vacancies the Prime Minister may try to obtain some veterans of the present war for the ministry.

To replace Hon. D. L. Maclaren, who was defeated in Saint John-Albert, and who now is Revenue Minister, his choice may fall on Maj. H. F. G. Bridges, who captured the traditionally Conservative New Brunswick seat of York-Sunbury.

There is also a Cabinet vacancy in Ontario due to the resignation of Hon. W. P. Mulock as Postmaster-General and customarily this would be filled by a member from Toronto district. Col. Mulock represented York North and was the Toronto district minister.

Lt.-Col. David A. Croll, newly elected Liberal member for Toronto Spadina may be in line for this post.

Truman May Speak

WASHINGTON, June 15 (AP).—President Truman hopes to address the United Nations Conference closing session, Saturday, June 23, the House announced today.

Plan Discharge of Navy Personnel

TORONTO, June 15 (CP).—The Royal Canadian Navy plans to discharge 8,500 personnel per month for the next six months, Lt.-Cmdr. J. H. McDonald, director of demobilization for the navy, today told a conference of the Central Ontar Industrial Relations Institute.

"The navy's immediate objective is to demobilize 28,000 [illegible] officers, by September 1," he said.

Druggists Vital To Public Health

The relationship between the pharmacist and public health was outlined last night by Dr. G. F. Amyot, provincial health officer, in an address given at Terry's to delegates to the 54th annual conference of the Pharmaceutical Association of British Columbia.

"Pharmacists have the opportunity of giving leadership in preventing the spread of communicable diseases," he said. "In your course of business every day you can direct people to the proper sources for the care of these diseases."

A smoker was given by the Victoria Retail Druggists' Association to the out-of-town delegates, who have been in conference for the past week at the Empress Hotel. M. Grant was chairman.

During the main business session yesterday, the association council elected J. W. Crooks, Vancouver, as president. J. Sheldon Spurr, Nanaimo, is vice-president.

On the projects committee are C. F. Lightbody, Mission, chairman; A. W. Scott, Vancouver, vice-chairman; E. Hazelwood, Trail; E. Galloway, Vancouver; C. D. Houghland, Vancouver; W. H. McGill, Vancouver; J. W. Crooks, Vancouver; J. Darling, Victoria; M. McVackar, Port Alberni; F. H. Fullerton, Vancouver, and R. C. Lang, Courtenay.

The conference will end today.

France Termed "Public Enemy"

PARIS, June 15 (AP).—A woman delegate told France's Consultative Assembly today that recent conflicts in Syria and Lebanon had brought upon France a reputation as "Public Enemy No. 1" in the Middle East.

The debate was called to review events that caused the Middle East fighting and to give the assemblymen a chance to express their opinions on the Government's handling of the situation.

Mme. Andre Vienot, delegate from Ardennes whose husband was one of the signers of the Franco-Syrian Treaty, leveled the sharpest criticism, and called for a British-French treaty as the first necessity of settling the problem.

U.S. Government Seizes Truck Lines

CHICAGO, June 15 (AP).—With Government seizure of all truck lines in the Chicago area which have agreements with two drivers' unions scheduled for midnight, members of the unions tonight registered a last-minute protest by balloting 805 to 128 to strike.

The unions whose members took part in the voting were the Chicago Truck Drivers, Chauffeurs and Helpers of Chicago and Vicinity No. 705 (independent), and the International Brotherhood of Teamsters, Chauffers, Warehousemen and Helpers of America (A.F.L.).

While the voting was in progress Brig.-Gen. C. D. Young, deputy director of the Office of Defence Transportation, announced in Washington that seizure of all public and private lines having contracts with the unions would become effective at midnight to forestall any tie-up which might follow the strike vote.

B.C. Shipyards May Build for Brazil

VANCOUVER, June 15 (CP).—British Columbia shipyards may sell ships to Brazil after the war to replenish that nation's badly-manned merchant marine, L. S. Glass, who has spent 11 years in Brazil as Canada's trade commissioner, said here today.

British Columbia pulp mills have a fair chance of retaining their newsprint market in Brazil which expanded greatly when Scandinavian sources of supply were cut off by the Nazis, Mr. Glass said. He added that Brazilians are also anxious to get some British Columbia apples and hops.

Mitchell to Attend

OTTAWA, June 15 (CP).—Labor Minister Mitchell will attend a meeting of the governing body of the International Labor Organization at Quebec next week and extend a formal welcome to the representatives of 16 countries who will participate, the Labor Department announced today.

Three on Board Missing Vessel

PRINCE RUPERT, June 15 (CP).—The Prince Rupert Fishermen's Co-operative announced tonight that the 46-foot fishboat Awaje is missing with her three-man crew.

The vessel, which has been fishing dogfish out of Skidgate for the last three weeks, has not been heard from since Wednesday and it is believed here she may have been caught in the storm which swept the north coast last week-end.

The three on board the vessel are Sig Walstad, of Port Edward; Nels Olsen, and a man called Pete whose last name is unknown.

The Awaje was among several vessels unreported this week at Skidgate, the Queen Charlotte Island fishing centre, but all others now have been accounted for. Many suffered extensive damage and loss of fishing gear in the storm.

The Awaje, a former towing boat converted for dogfishing, left Port Edward to fish in the straits three weeks ago. She has been using Skidgate as her base.

British Columbia Police and fishermen have been advised to be on the lookout for the vessel.

Two Vancouver men died as a result of the storm. They were: Ingvan Wickstrom and William Graham. The men, members of the crew of another dogfish boat, Eight Bells, died from exposure after being lashed to the mast to avoid being washed overboard.

The other crew members—Michael O'Brien and Alf B. Wickstrom—are recovering in hospital at Ketchikan, Alaska. Their boat was found wrecked off Percy Island, 75 miles north of here.

Former Carrier Loading Grain

MONTREAL, June 15 (CP). — A British aircraft carrier arrived in Montreal Harbor today—to load grain for overseas.

The carrier was the "baby flat-top," Empire Macdermott, which became the first aircraft carrier ever to enter the Port of Montreal. After fighting days over, she will load 300,000 bushels of grain for the United Kingdom.

The Empire Macdermott was originally a merchantman, but was converted into a convoy carrier. With the Battle of the Atlantic over, she is resuming her original role of merchant ship. Five other baby carriers are en route to Montreal to load grain.

Capt. William Venables, who served for 14 months aboard the Empire Macdermott when she was a carrier, said that during the Battle of the Atlantic "not one merchant ship was lost while being escorted by a baby carrier." The Royal Navy adopted the baby carrier technique at the height of the Atlantic warfare to replace ships which carried one aircraft, released by catapult.

that were under construction were destroyed in a night raid on the Shanghai waterfront, while a fuel train and four locomotives were wrecked in French Indo-China.

GUAM, June 16 (Saturday) (AP).—Lt.-Gen. Simon Bolivar Buckner, Jr., predicted today that the 77-day-old Okinawa campaign will be wound up by his advancing United States Tenth Army within a week.

He expressed the belief as his divisions, tearing to pieces the last-stand line of the Japanese at the southern tip of Yaeju escarpment, overran a fourth of its plateau area.

A fleet communique today reported that American forces, which captured 500-foot-high Yaeju Peak Thursday, overran several hundred yards in the plateau's centre yesterday. Tanks and flame-throwers led the way.

At the same time, other troops, curling in the eastern arm of a pincers behind the escarpment, moved ahead almost a half-mile through Nipponese strong points.

A communique said the Tenth Army, irresistibly tearing to pieces the enemy's last-stand positions despite the rugged terrain, brought heavy pressure on the centre and eastern flanks.

The Japanese—already quitting the hopeless fight by the hundreds—were raked today by ceaseless fire from naval guns, bombs and artillery as Americans strove to sweep them from the Yaeju Plateau and complete the subjugation of Okinawa.

PLAN AIR LEAGUE

MONTREAL, June 15 (CP).—Representatives of five associations interested in Canadian aviation met here today to discuss the possible formation of a national air league of Canada. The discussion, under the chairmanship of Sir Ellsworth Flavelle, of Toronto, a director of the Cadet League of Canada, only reached the preliminary stage. However, it was said that the proposed league would have as main objective fostering of aviation interests in Canada.

Eisenhower Declares Germans Beaten in December Attempt

PARIS, June 15 (AP)—Gen. Eisenhower told a press converence today that the Allied invasion of Europe last June succeeded only because the air, sea and ground arms fought as a single, unified force.

The co-operation of all arms which made the feat possible, he added, was carried on through "V-E" Day. This unification of action, Gen. Eisenhower said, was fully as important as the integration of the Allied armies comprising the invasion force.

The Germans finally knew the "jig was up" in Europe on the third day of Field Marshal von Rundstedt's December counter-offensive in the Ardennes, when the German commander "realized he couldn't go where he wanted to go," Gen. Eisenhower added.

When they found themselves whipped in the Eifel Mountains and the Saar, he said, the Germans were convinced they could not even fight a defensive war.

Gen. Eisenhower said Allied soldiers in Europe had won a peace they earnestly hoped would be preserved. The problems of peace can be solved, however, he said, "only if all of us can find it within ourselves to be considerate and ready to give up something to meet the other fellow's needs."

Gen. Eisenhower left Paris today on the first stage of his journey back to the United States. On his way he plans to spend 12 hours in Britain—all in sleeping—he told his press conference.

He stressed that there was no such thing as a separate ground war or a separate air war.

"When you put sea, ground and air together, you multiply rather than add their power," he said.

These were the high points in the hour-long conference during which Gen. Eisenhower invited the correspondents to ask about anything which had been bothering them during his three-year stay in Europe:

1. The continued application of the non-fraternization rule in the Reich depends upon the attitude of the German people themselves and upon how soon Nazi elements are wiped out.

2. The German nation as a whole has "no sense of war guilt" and, "while many Germans closed their eyes at atrocities, many others did not."

3. Field Marshal von Rundstedt was the greatest general the Allies faced; the late Field Marshal Rommel was bold but unskilled; German military men did not respect Hitler's strategic planning but in 1943, particularly, Hitler ran his campaigns almost alone.

4. The Allied armies were the best-equipped in the world, but German Tiger and Panther tanks were superior in head-on slugging matches until the Pershings came into the field, and German rocket projectors, all-purpose 88-mm. guns and jet planes were outstanding weapons.

5. The German General Staff knew the war was over on the third day of the Ardennes offensive last December, when it failed to take primary objectives, and that Germany lost the ability to continue the fight when Gen. Patton's sweep south through the Saar to meet Lt.-Gen. Patch's Seventh Army wiped out a large body of German troops.

6. Exhaustive study showed the Germans had continued the fight after this time only because of the wild hope of splitting the four Allied powers, and because of Hitler's determination to continue the battle.

7. The Supreme Commander's most anxious night was that of November 7, 1942, when the Allies invaded North Africa.

8. One of the most soul-shaking decisions was the order to go ahead with the Normandy invasion June 6, 1944, in the face of adverse weather reports.

9. There were no direct peace feelers from Germany before Grand Admiral Karl Doenitz' representative came through to Reims.

Breaking Up of Canadian First Army Is Now Underway

UTRECHT, Holland, June 15 (CP)—Real break-up of the Canadian First Army will begin tomorrow when disbanding of Lt.-Gen. Guy Simonds' 1st Canadian Corps and the 1st and 2nd Canadian Armored Brigades gets under way.

Although some are already disbanded, these will be the first major formations to disappear. Personnel involved as these and other formations disband will be transferred to other units for drafting to Canada on basis of territorial affiliations and overseas service points.

General Simonds will fly to the United Kingdom tomorrow but his future movements are indefinite. The bulk of his officers and men, however, will go through the administrative mill already set up to parcel troops into groups of the same arms and services bound to the same places in Canada and with approximately the same priority for ultimate dispatch home.

Eight days will be required before General Simonds' headquarters, plus certain troops directly under his command and also selected for dispersal, have disappeared.

Break-up of the armored brigades, however, is expected to take until July 15. By mid-July all officers and other ranks in these formations will be on the strength of tank units

Armored units disappearing in the course of next month will include the Calgary Regiment and the Fort Garry Horse of Winnipeg.

Effective July 1, General Crerar's general staff at army headquarters will be reduced drastically from the present total of 409, all ranks, to 72, retaining only 29 of the present 142 officers. Except for one brigadier and one lieutenant-colonel, all officers will be under the rank of lieutenant-colonel.

The administrative staff under Brig. J. F. A. Lister will remain as presently constituted, however, well into July to handle reorganization and repatriation.

Major Ports of U.S. Closed By Nazi Mines in 1942-43

WASHINGTON, June 15 (AP)—German submarines ranging the United States East Coast at the peak of the U-boat campaign in 1942 and 1943 planted mines so effectively that major ports, including New York City, were closed to ocean traffic for brief periods.

Revealing this today, the Navy said five mines were swept from the entrance to New York harbor between November 13 and 31, 1942, and from November 13 to 15 the port was bottled up, with no traffic moving in or out.

The entrance to Chesapeake Bay, gateway to the ports of Norfolk and Newport News, Va., and Baltimore, Md., was twice closed to traffic, once from June 16 to 17, 1942, and again from Sept. 12 to 14, 1942. Before the Chesapeake Bay area was closed the first time, four vessels had been damaged or sunk by what were believed to be mines.

Also closed at various times as a result of enemy mines were Jacksonville, Fla.; Charleston, S.C.; and Wilmington, Del.

The destroyer Bainbridge, while making an attack against a submarine outside the Virginia Capes, June 14, 1942, was damaged by a heavy explosion astern. It was believed one of her depth charges detonated a mine.

The next day three merchant vessels were mined in the same area, two of them being sunk.

In addition, the Navy disclosed, 10 enemy mines were swept at the entrance to the Panama Canal in the vicinity of Colon, and four were swept off Port Castries, Sant Lucia, British West Indies.

No ships were damaged or sunk in either of these areas.

Want Soviets To Withdraw

LONDON, June 15 (AP)—The Polish Government in London urged the Western democracies tonight to insist on immediate withdrawal of Russian troops and political police from Polish soil.

The Government also expressed hope that Britain and the United States, at the forthcoming Moscow conference on Poland, might persuade Russia to release the 16 Polish underground leaders she imprisoned.

The Government's statement was issued during a delay in the beginning of the Moscow consultations, designed to effect a reorganization of the Polish Provisional Government.

Representatives of the Soviet-sponsored Warsaw Government and other Poles were in Moscow, but Stanislaw Mikolajczyk, Peasant party leader and former member of the London Government, was still in London awaiting air transportation.

The British Foreign Office announced tonight he would leave by plane tomorrow, accompanied by Jan Stanczyk, his former Minister of Labor. They were reported to have deferred their departure upon learning that Wincenty Witos, aged Peasant party leader in Poland, would not attend. Witos ascribed his refusal to ill health.

The London Polish Government said British and American spokesmen at the conference should require that the Russians liberate all Polish citizens "arrested and deported" since 1939.

If the imprisoned underground leaders are brought to trial, the statement said, "it would frustrate any attempts at genuine Polish-Soviet understanding and would hamper organizing of collaboration between the Soviet Union and the United Nations." "Moscow announced yesterday the prisoners would be tried 'within a few days.'"

A "reign of terrorism" now exists throughout Poland, the statement alleged, and no "legal and independent government of national unity" can be created "as long as Poland is cut off from the Allies and the whole civilized world."

First Returning Soldiers on Way

HALIFAX, June 15 (CP)—The first Canadian soldiers to return to the Dominion as a complete unit, the 1st Canadian Parachute Battalion, comprising 1,100 officers and men, are due to arrive here by ship shortly and will be given a public and military reception, Military District No. 6 headquarters announced tonight.

Arrangements are being made for the battalion, which took part in some of the stiffest action in Northwest Europe, to parade through Halifax streets.

Four Known Dead In Rail Accident

NORTH BAY, Ont., June 15 (CP)—Total of known dead in the head-on collision early today of two Canadian Pacific Railway freight trains near Rutherglen, 26 miles east of here, rose to four this afternoon with discovery of the bodies of two more engine crewmen.

Climaxing the dogged efforts of rescue workers, the bodies of Engineer T. J. McNaulty and Trainman J. J. Neville were found pinned beneath the wreckage of the two engines. Previously recovered were the bodies of Trainman Cecil Cummings and Fireman Ernest S. Green. Two others, Engineer E. McAuliffe and Fireman J. F. Gardiner, were taken to hospital suffering severe burns.

All casualties were residents of North Bay.

NEW ANNIVERSARY

PARIS, June 15 (Reuters).—France has added a new anniversary to its calendar—June 18. It is the date of the Battle of Waterloo, but France is going to celebrate it because, on June 18, 1940, Gen. de Gaulle made his historic appeal from London to Frenchmen to reject the Petain-Laval armistice with Germany and continue the fight. "France has lost a battle. She has not lost the war," he said.

TAKES SALUTE

RANGOON, June 15 (Reuters).—Admiral Lord Louis Mountbatten, supreme Allied commander in the Southeast Asia Theatre, took the salute today at an impressive parade of more than 6,000 men of different units, celebrating recapture of Rangoon.

Conference at Simla June 25

LONDON, June 16 (Saturday) (CP).—The British Government announced today that a British-Indian conference has been set for June 25 at Simla to discuss Britain's offer of additional posts for Indians in the Indian Government.

A dispatch from Bombay said later that Mahomed Ali Jinnah, Moslem League president, pledging Mohammedans' co-operation and goodwill, had asked that the conference be postponed for two weeks to permit fuller discussion of the situation by the league's executive committee.

Jinnah, first Indian political leader to comment on the British offer, said he hoped the Mohammedans would contribute to any just interim settlement of the Indian problem. It was generally believed the Simla conferees would accept yesterday's British White Paper proposal which the British termed a step "toward Indian self-government."

BOMBAY, June 15 (AP).—Mohandas K. Gandhi said today the freeing of eight imprisoned members of the Congress working committee was the occasion for him to step aside as leader and let them take up the threat of independence plans.

Field Marshal Lord Wavell, the Viceroy, announced the liberations last night. An Indian-British conference is to be held June 25 at Simla over Britain's new offer of two additional Executive Council posts to Indians as a step "towards Indian self-government."

Gandhi said he telegraphed Lord Wavell to tell the Viceroy that he was only an adviser and had no standing as a recognized representative of the Congress Party.

Your Mouth

By Dr. J. B. WARREN

It is known that the mouth, its condition and care is a bigger factor in health and disease than any other one organ.

This is because there are so many parts of the mouth that can become infected and poison the blood—teeth, tonsils, gums, sinuses—and cause rheumatism, heart disease, appendicitis, gall bladder infection, intestinal infection, ulcer of the stomach, and other ailments.

Eating plenty of fruits and vegetables, and seeing your dentist and physician regularly, will prevent much mouth infection.

Florence Clough Presents Colorful Dance Revue Here

A capacity audience attended the annual revue presented by Miss Florence Clough at the Royal Victoria Theatre Friday evening, in aid of the Solarium. More than 200 dancers were featured, as well as the Victoria Girls' Drill Team and the Victoria High School chorus.

Miss Rhoda Leeman, assistant teacher, and Dan Plater starred in "Serenade De L'Amour," a graceful duet showing beautiful timing and accomplished teamwork. Miss Leeman was presented with a bouquet after the dance, and the audience applauded heartily.

Miss Theresa Perkins won enthusiastic comment with her "tapping toes" solo in the Honolulu Holiday number. Her dancing was graceful and timing good. Miss Race Roskelly and Dick Lloyd presented a duo tap dance in the same episode, the latter sang "Sentimental Journey" and later danced with Miss Perkins. Miss Betty Murray performed a Hawaiian tap dance and sang winning enthusiastic applause. The exhibition waltz by Joan and Jack Rogers showed rhythm and grace.

"Dance of the Hours" was a feature of the evening, starring Bernice Fawcett as Dawn, Betty Dingwall as Sun, Theresa Perkins as Evening, Rhoda Leeman as Sunset and Race Roskelly as Night.

Introducing the military touch the Victoria Girls' Drill Team made a hit with the audience with their perfectly timed marching and outstanding finale.

An attractive acrobatic dance was presented, where colorful rainbow dresses were worn by the 12 girls taking part. Another favorite was the butterfly dance. Tschaikowsky's "Russian Trepak" was the musical background for the dance duet by Nancy Lou Poy and Roger Lowe.

The Spanish Fiesta number included a tango by Bonnie Ward and Dan Plater, a torreador dance, a rhumba by Joan and Jack Rogers and a rhapsody finale. In the Russian scene, Beverley Findlay, Ronald Barrie and Patsy Gibson were featured soloists, and three groups of dancers appeared. The Dutch scene presented Margaret McNeal as soloist and a ballet number.

Western Rhythm provided a skipping rope tap dance and a hat dance, "Show Boat" featured a Shirley Temple and Bill Robinson number, with Beverley Lidstone and Douglas Rice, and soft shoe rhythm with Donna Gibbons.

Orchestra was under the direction of Al Prescott, with Miss Marion Hicks as pianist. Dances and costumes were by Miss Florence Clough. Miss Norma Douglas and the Victoria High School chorus and Miss Helen McNaught assisted. Pianists were Betty Garner, Evelyn Prisk and Mrs. Sanderson Mutart.

More Ships Join Boneyard Fleet

SYDNEY, N.S., June 15 (CP)—Four more doughty little Canadian corvettes, veterans of convoy and escort duty, have left for Sorel, Que., after being stripped of their armament here.

The four latest members of the boneyard fleet—the 100 or more naval vessels which have been declared surplus requirements now that their convoy job is done—are the corvettes H.M.C.S. Calgar, Chicoutimi, Buctouche and Cobourg.

The first three were among the earliest corvettes to enter service, while Cobourg is a later model. Together they steamed nearly 500,000 miles during their convoy chores in mid-Atlantic, the Murmansk run and Chinnel escort duty.

Buctouche is captained by Lieut. Esson Young, of Victoria.

Outsiders Cause Lack of Housing

Some business firms have been bringing in outsiders for employment here, making Victoria's housing shortage more acute, Carl Fallas, Canadian Legion zone representative, claimed yesterday.

He said such firms were bringing pressure to bear on emergency shelter authorities to secure accommodation for their workers from other cities.

"It is unjust to expect these outsiders to have the homes and apartments so badly needed by veterans," Mr. Fallas declared.

"Even now," he pointed out, "we could do with 1,000 family units in Victoria, and the big rush of veterans seeking housing has scarcely begun. More than 3,000 local men will be returning, in addition to other returned men who have decided to make their homes in Victoria after the war.

"Municipal and provincial groups will have to co-operate to solve the problem. At present municipal groups are apt to cling to zoning regulations and other restrictions which may prevent building homes for veterans," he charged.

Eighteen Killed In Train Crash

MILTON, Pa., June 15 (CP)—Eighteen persons—one of them a Canadian—were killed and 32 others were injured early today in a freak collision between the Dominion Express and a freight train.

Mrs. Catherine Innes, 59, of London, Ont., was injured fatally when the 14-car Washington-to-Buffalo express, traveling at 55 miles an hour, piled into a car of a freight train traveling in the opposite direction, which was thrown in its path by a broken journal.

Alex Innes, 63, her husband, suffered a fractured leg and was taken to hospital at Danville, Pa.

Eight members of a section gang were killed by the New York Central Water Level Limited a few hours later near Amsterdam, N.Y.

A soldier described the crash of the accident as "louder than anything I heard on European battlefronts."

RIBBENTROP OWES $1.38

OTTAWA, June 15 (CP)—Capture of Joachim von Ribbentrop, Hitler's foreign minister, recalled to Harry Skinner, Wellington Street druggist, today an account of $1.38 long overdue and written off as uncollectable, which the German count owed him when he left Ottawa hurriedly at the outbreak of the First Great War.

Mechanical Age Increases Girth

NEW YORK, June 15 (CP)—War, despite rationing, hard work and worry, has helped pad the woman's figure—and in the wrong places.

After a two-year survey of 100,000 women, Clarice MacLevy, director of slenderizing schools throughout the United States, has come to the conclusion that the main figure problem of today's woman is an abnormal development of thighs. She says:

"One of the reasons for this condition appears to be the new types of standing work women have been doing in war plants. Thigh measurements increase as a result of using muscles that hitherto were not developed."

When the war is over, she believes, there will be the same rush to reducing salons that occurred after the First Great War.

Though my father had established his first slenderizing salon for men only it was after the war that women demanded admittance for themselves. So many of them registered that eventually Dad dispossessed the men."

Miss MacLevy carried on for her father. She helped devise various gadgets to make reducing less of a chore. In her salons there are machines that can be set to massage the body wherever it needs slimming and a girl can stand, sit or lie in comfort while it is being accomplished.

It is too early to predict what the after-war trend in figures will be. The soldier overseas will be liked to seeing slim women. Whether or not he will like over-developed muscles on plump little women remains to be seen.

HAMILTON, June 15 (CP)—Dr. Alfred Johns, of McMaster University, President of Royal Astronomical Society of Canada, will join a scientific party from United States to observe the total eclipse of the sun at Bradenbury, Sask., July 9, it was announced today. Dr. Johns' son, Dr. Harold E. Johns, of University of Manitoba, is expected to join the expedition.

Historical Parliament

These are historical times. Another Long Parliament wound up its affairs in Great Britain yesterday, with a record of which history will take full note. Has there, indeed, ever been its like? It was a Parliament that sat while the earth rocked, when all that had been secure was adrift in a mortal storm. It was a Parliament that met fear by day and terror from the sky by night. It was a Parliament that upheld the simple dignity of man, and his immortal courage. It was a Parliament of the people, and of all of them: under leaders such as the Motherland may be proud of for a millenium to come.

That British Parliament was one of the stoutest and strongest of the Empire's defences in the war. It fought not alone for the United Kingdom, but indeed for freedom all over the world. Like its great leader, Mr. Churchill, it was unconquerable. It went from strength to strength when all else crumbled about the Continent of Europe. In imminent threat of invasion, beset from the skies, reversed on land, at sea and at times in the air over its very head, the new Long Parliament set a pattern for all Parliaments to follow, triumphant in the right.

It must today be of warm pride to the people of Great Britain that every party and every cause had share and place in that result: that this was a national assembly, if there ever was one. Great Britain fought no "political" war. It called upon and used its best. If there is anywhere today a more glowing record we do not know of it. A fighting Parliament—the second Long Parliament of history—is passing into yesterday, but it has left a beacon which will burn brightly and undiminished so long as there is a Britain which men call Great!

Mr. Churchill made its valedictory, and it was a modest one. He said, in part:

"The first five years were devoted to the fight for peace. The second five years have been devoted to the fight for victory, and it is this second five years, when almost everything has been crashing in the world, that this House has once again manifested before all the world its power, its authority and its practical methods of conducting business even under the most hazardous and difficult conditions."

History, if it is fair and just, will say more of the second Long Parliament than that. It will tell of the circumstances under which these men sat and deliberated a nation's business under the stress of world conflict. It will tell of its cheers and its jeers, its immortal courage under the canopy of heaven. It will tell, moreover, of a great nation, and—as so often before—a great leader. It may be that history will call this Parliament, which sat for a momentous decade, "The Great Parliament." Surely it was so!

Let's Try Again!

At the risk of being tiresome, we repeat that there is an acute housing shortage in the Greater Victoria area, and that no little human hardship is being caused. The hope that new construction would begin to improve conditions shortly has now to be laid aside, because there will not be much civilian home construction with a war-shortage in milled lumber. So we are back again to the accommodation that can be made available within this area now.

Who can help? Who can fit one person, or one family in? It is too late for argument. It is too late for recrimination, and that is useless besides. It is of no avail to say that rental controls contributed to this impasse. Perhaps they did, perhaps they did not. What does that matter now? There are families with a legitimate reason to be in this area who cannot find a home together. Parents are at one place, children at another. Our school attendance has been turned nearly upon its head in consequence. There are other and more disturbing results.

It is a human log jam, and in some fashion it must be broken. Goodwill could prove a helpful factor in finding a solution now. The desire of the public to help would uncover a number of simple ways in which help can be given. The pressure may last for a year at most, and then this community likely will revert to more normal conditions. A year is not a long time to put up with some slight inconvenience. In the general interest, who now can help in the solution of this impasse by making room for even one more individual? The Emergency Shelter Administration would be glad of such volunteers, and so would the families that are still waiting. Let us all try again!

The Real Veto

The veto formula is still proving a thorny problem at San Francisco. The sponsoring nations who called the conference want this protection in the charter. Other states fear it, and have fought a rearguard action against such provision from the start. The discussion turns now upon the operation of the veto power against constitutional amendments in the coming world's charter, with the contention that such a right would block amendment or change in the years to come. But is there not another side to the matter? Is not the real veto power, and perhaps the only one, the mass weight of public opinion the world around?

If the United Nations remain together in accord under this charter what one of them could afford to set a single nation up in opposition against that accord? More and more the world is becoming a unit, thinking as a unit and acting as one. Aggression anywhere, in the years to come, must be stamped out. If the nations are afraid of "world politics" which might seek an unfair advantage for any nation or for any hemisphere, is not the open-face method of doing business, and the world's reaction to that, again the final answer?

Certain it is that the sponsoring powers, they who together have brought the victory in Europe, and now guarantee it as against our sole remaining enemy, Japan, will not submit to a numerical ballot which could always vote them out of countenance. Nor can that be expected. Conversely, the general assembly of free world states will not accept dictation sight unseen. But, there again, world opinion is the real check, the actual balance in the working out of this matter. Formulas are important, but in the long run it will be the mind and the heart of man that will rule. That is what makes any body of law work within a nation. It can and must be the same for the world.

Seen in Passing

The world is getting a little tired of the Polish question. The main task before all of the nations of the globe who are fighting for freedom is to agree, and to continue to agree until sanity and wisdom return to this planet. No special interest, national or otherwise, can weigh in that balance. The Poles were the first victims in this war, and they have suffered the most heavily. That is conceded. At the same time the world cannot forever turn back to what happened in history 1,000 years ago. It must go forward, facing conditions as they are and trying its best to improve upon them. No one can relive yesterday.

Wit and ingenuity are the most valuable of qualities in human society. Without them, man would not have advanced one step from the Stone Age. With them, he can master his circumstances, and, under heaven, improve the lot of mankind.—That is precisely where an autocracy or ordered state falls down. It can make no allowance for the individual wit and native ingenuity of mankind. People are individuals. They spend the whole of their lives being different from other people, not because they plan it so but because inherently they are. It is wisdom to recognize that fact; to give man his head, and not attempt to bind his mind. Parliament works because it recognizes the truth that all men are different.

Strange Harvest

(A Tribute to the Third Division)

Dip gently your scythe, good reaper,
O'er the fields of Calvados,
Tread softly Normandy's furrowed earth
From Epron to the coast.

For the harvest is not all the yield of the soil
Nor the furrows the mark of the plough.
But the earth's rich red is the blood of the dead,
The dead who are sleeping now.

They came from the sea like you and me
But they beached on a steel-rimmed coast;
They carved their way through the Hun at bay
And blasted the tyrant's boast.

That no might could break the wave-locked shore,
No Allied foot gain hold;
The sea would be red with the blood of the dead,
The dead who had been too bold.

On their left and right were Britain's men
And from the south of the forty-nine
Came the western flanks of the Allied ranks,
Through mortar, shell and mine
The wall was stormed and the beaches won.

As skies grew sullen and wild
Till the strength of the mighty men from the sea
Seemed less than the strength of a child.
Three precious weeks they fought each precious yard
From their hand-dug holes in the clay
Through treacherous gain up the rising plains
to Malon and La Folie.

Who will forget the Falaise Gap
Or Pinron west on the Orne,
But at Authie and Gruchy and Franqueville
Were these later victories won.

Great cities and countries have fallen now
To the hosts this vanguard led.
Let us not forget the debt we owe
To the oft unharrowed dead
I have seen the hell where a hundred fell
At Rots and Grey le Vey
Midst the reeking corn and mortar torn
From Gazelle to Carpiquet.
Les Buissons is the resting place
Of men who cannot die—
Glengarrians, Novas, Cameronn,
Hussars and H.L.I.

They learnt to fight midst the fetid stench
At Buron and Gerieres,
They pitted their youth against the war-learned craft
Of the Panzer Grenadiers.

So honor the men of the western plains,
Black Devils, Reginas, too.
The Queens, North Shore and Chaudieres
And Scots from the western blue
Victoria, Winnipeg, Ottawa
Sent sons for the treacherous trail.
Who must feed the guns and tanks and the men,
The men who dare not fail.
There were gunners and sappers from homes which range
From east to the setting sun.

And many lie where the ripening rye
Danced to the Devil's fun;
They do not ask a golden casque
Or a tower of graven stone
But that men may live in a world set free
From the guilt of their blood atoned.

Dip gently your scythe, good reaper now
O'er the fields of the hallowed dead,
For young men fought and young men died
Near the sea, where the earth is red.

King Leopold

By L. S. B. SHAPIRO
North American Newspaper Alliance

SALZBURG, Austria, June 15.—This is the first authentic account of what happened to King Leopold of Belgium, since he was whisked away from Brussels by the Germans a year ago. It was related to me by Belgian court officials, who accompanied the Royal household into captivity and who were witnesses to the Gestapo's cunning methods of mental torture which resulted in the breakdown of Leopold's health. Their story was given to me on condition that their names remain unrevealed.

"At 1 a.m. on the morning of June 7, 1944—seventeen hours after the Allies' assault on the Normandy beaches began," I was told, "the King was roughly awakened by a Gestapo colonel and told he must be ready to leave Laeken Palace near Brussels in six hours. During the four years of the King's captivity up to that moment, he was guarded by a Wehrmacht detachment but this arrangement suddenly was changed, apparently on orders from Berlin. Now the Gestapo was in charge. During the balance of the night the King was closely guarded to prevent him from communicating with anyone—even his wife or mother. His questions as to where he was being taken elicited no reply. This was only the beginning of the Gestapo's methods of mental torture.

"Promptly at 7 a.m. Gestapo cars arrived at the Palace grounds and the King was driven away. He spent the first night in a Luxembourg hotel which seemed filled with members of the Gestapo from cellar to attic. The drive was resumed early the next morning and the party arrived in Weimar at 2 a.m. next day. Here an S.S. detachment awaited to take the King farther on his journey. The King was completely in the dark as to his destination or fate. No one spoke to him.

"This grim journey finally was ended on June tenth in a dark, gloomy house on a rock overlooking the Elbe at the town of Herschstein, 25 kilometres north of Dresden. The house had been transformed into a veritable fortress. It was surrounded by four rows of barbed wire and was guarded by a detachment of 70 men belonging to the S.S., the Gestapo and the criminal police. S.S. and criminal police lived in barracks erected within the barbed wire enclosure, 30 yards from the house; the Gestapo lived in the house with the King.

"Meanwhile, on June 8, the King's wife, Princess De Rethy, was informed by the Gestapo that she and their children must leave immediately. She too was kept completely in the dark. Her party followed the same route and on June 11 the Royal family was reunited at Herschstein. The Germans allowed only five servants from Laeken to attend the King, the Princess and the children—included among them the 18-month-old Prince Alexander.

UNDER DETENTION

"For ten months we stayed at Herschstein. The greatest ordeal was our isolation from the outside world. During all this time, the King received only one communication. This was a card from the Queen Mother written on a prisoners' war form. Neither newspapers nor radio were allowed in the house. A loud-speaker attachment from the radio situated in the S.S. barracks brought the King one selected commentary each day. Only once was a German priest allowed to come and conduct religious services.

"Barbers, carpenters—all such people—were recruited from the S.S. detachment. When Princes Albert and Alexander became ill, two German doctors were allowed to attend them, but the Gestapo remained at their elbows constantly to prevent them from speaking one word other than on the topic of the illnesses. After a time this devilish system of isolation began to wear on the nerves.

"It was a cunningly devised system. All doors and gates were fastened by chains and huge locks which clanked and creaked day and night. These sounds were usually accompanied by the howls of police dogs. A small wood near the house was railed off for exercise but even a walk there became unbearable because the Gestapo trailed a few yards behind anyone who ventured out of the house. Later, the S.S. brought political prisoners into the compound. Frequently at nights shots were heard. Then the next day there were fewer prisoners. Isolation was so complete that river boats which formerly had docked at a nearby house were diverted from the area. We found out later that the King's whereabouts were known only to three or four of the top men in Berlin, aside from the guards on the premises, who were sworn to secrecy regarding the King's presence on pain of instant death.

"On March 29 at 5 a.m. the King and his family were moved suddenly from Herschstein. They were driven through Munich where they had a terrifying experience. It was night time and an air raid siren howled as they were passing through. The party's automobiles parked under a viaduct while bombs whistled down. Then they were brought to a small villa surrounded by pine forests at Stroble, near St. Wolfgang in Austria. Here the Gestapo lived on the top floor with the King, allowing no one near him.

"We could hear the bombing of Berchtesgaden and we knew Allied troops were near, but the S.S. guards became more sullen than ever and we feared the worst for the King and the royal family. The tension was excruciating until just after noon on May 7 when a detachment of United States troops drove toward the villa where the S.S. guards surrendered without a fight and the King, liberated, was moved to a more comfortable villa.

The time used is Pacific standard for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without turning.

To find the depth of water on the sill of the Esquimalt Drydock at any time, add 29.6 feet to the height of high water as above given.

Bag of Prisoners Includes Top Nazis, Likely Undercovers

By ALAN MICKLESON
Canadian Press Staff Writer

WITH THE CANADIANS IN GERMANY, June 15 (CP).—Thousands of the worst type of Nazi party officials, including high-ranking officers of the German armed forces and the Gestapo, have been rounded up by the Canadian Intelligence Branch in the 2nd Canadian Corps area of occupied Germany, it is permissible to disclose. These prisoners represent a potential underground movement.

Men and women are confined in several camps throughout a large area in Northwest Germany—Britain's zone of occupation. I was permitted to tour one of the largest camps, at Esterwegen, 15 miles southeast of Papenburg, housing several hundred men and women.

Eduard Roderick Dietze, former chief of German anti-Allied propaganda, is held here as well as members of the S.S. Secret Police, the Gestapo, Hitler Youth Movement and other officials of the Nazi party and affiliated organizations who come within the "arrest category." Some may be classified as war criminals, but all will be interned indefinitely.

I watched a unique ceremony inside of the high brick walls of this camp when 500 uniformed prisoners were drawn up in ranks while a [illegible] over the amplifying system to the effect that the German armed forces and the Nazi party died with the unconditional surrender and the assembled men would be stripped of their uniforms.

Although the order, read by a young Canadian intelligence captain, came as a surprise to the uniform-conscious Nazis, their faces remained impassive. They were given 20 minutes in which to march to their billets under guard, change into German Army fatigue clothes and march back to the same square.

Most of those divested of uniforms were removed from German forces after the surrender. Others were rounded up while hiding under civilian disguise and include "very high" officials of state and party administration. Among them are persecutors from occupied countries and when the records are complete some may be tried by war crimes commissions.

Also among the ranks of those who lost their uniforms were former guards in this camp, situated in a peat bog area. The guards participated in brutal treatment of their own soldiers, sent there for various offences. When the camp was taken over, some Germans were so emaciated they could not move from their beds. Some of the living skeletons died despite prompt medical attention.

Among fanatical Nazi women brought to Esterwegen and placed in separate compounds were members of the Gestapo, various branches of the Nazi party and the official Nazi Youth Organization, Women's Division.

Navy Gives Back Police Vessels

OTTAWA, June 15 (CP).—A fleet of 28 R.C.M.P. vessels handed over to the Royal Canadian Navy at the outbreak of war is being handed back to the police force or replaced, Commissioner S. T. Wood of the R.C.M.P. said today.

The fleet, manned by R.C.M.P. personnel when they were transfered to the Navy, suffered some casualties in the war. Some were sunk and others damaged. Some of the crewmen were killed or injured [illegible] a number were decorated.

To replace many of the vessels, the Navy is transferring to the R.C.M.P. a number of Fairmiles, the fast patrol boats used to combat submarines. Other craft suitable for harbor and general patrol work also will be given to the R.C.M.P. to replace wartime casualties to the original R.C.M.P. fleet.

Interesting Ship Now on Mainland

VANCOUVER, June 15 (CP).—A 40-year-old square rigger, the Pamir, is in harbor here, loading grain. Still relying entirely on sail, the German-built Pamir was seized by the New Zealand Government early in the war.

The picturesque bark has had many an experience in the war. During the run northward a year ago, a submarine, believed to be Japanese, suddenly surfaced only half a mile away. The undersea raider did not attack. Crew members of the Pamir said a heavy sea was running at the time and they believed that was the only reason the submarine did not send a torpedo their way.

The Pamir is 331 feet long, has a 46-foot beam and is of 3,202 gross tons. In 1925 she broke the outward-bound record around Cape Horn. In the famous grain races by sailing ships from Australia to Britain, she one year won the record, another time finished in a dead heat with a rival ship, and on a third occasion came second.

Master of the vessel is Capt. A. R. Champion, of Lyttleton, N.Z. He has been with the ship two and one-half years.

The four-masted vessel was visible off Victoria several days ago. Although she did not dock here, the bark was towed from Victoria to Vancouver by the Island Commander, deep-sea tug of Island Tug & Barge, Ltd.

No Orders Given For Ship Return

MONTREAL, June 15 (CP)—Navy Minister Abbott said today that no orders had been issued from his department for the return of the Canadian cruiser Uganda from the Pacific war theatre, and added that he did not know the future plans for the Uganda.

"The Uganda is under the command of the commander in chief of British naval forces in the Pacific," he said. "In due course, she will doubtless be sent home so that her crew can have 30-day leaves the same as other navy personnel, and so that any of her crew who do not wish to volunteer for further service can be replaced. She will not, however, return until she can be spared."

The Vancouver Province said in a dispatch from Ottawa, June 12, that relatives of members of the crew of the Uganda have received word that they expect to be back in Canada by midsummer.

Mr. Abbott added that the navy is "well up" in volunteers for the Pacific.

Sleepers for One Night Runs Out

MONTREAL, June 15 (CP).—Railway officials laid down general rules of procedure today, in an attempt to answer a multitude of questions arising out of yesterday's orders from the transport controller drastically curtailing sleeping car equipment on many runs.

General import of the ruling was that civilians could just about forget about sleeping car accommodation for one-night runs, but that such accommodation would be available in limited amounts on long runs, such as Halifax-Montreal and Montreal-Vancouver.

Sleeping cars will be cut off entirely or drastically reduced in number on one-night runs, such as Regina-Saskatoon.

In addition, one-night sleepers will be dropped from multi-night trains. For instance, the Montreal-Vancouver trains still will carry through sleepers, but extra sleepers which in the past have been attached to run between specific points, will be canceled.

In other words, a person traveling from Montreal to Vancouver has a chance of getting a sleeper, but a person traveling from Winnipeg to Saskatoon or Winnipeg to Regina—one-night trips—probably won't get a berth although traveling on the same train as the person bound from Montreal to Vancouver.

STILL SEARCHING

VANCOUVER, June 15 (CP)—R.C.A.F. planes took off again this morning to scour the Chilliwack area for the Liberator and its 11-man crew that disappeared June 1. Ground search parties have all returned to their bases but the air force is maintaining a radio watch and keeping search planes in the district.

According to Culbertson - - - -

Average players are inclined to overvalue mere honor tricks and to ignore the more important factor of winners. Consider this typical case:

West, dealer.
North-South vulnerable.

NORTH
♠ 5 2
♥ K 10 7 6 3
♦ 7 4 3
♣ 10 6 3

WEST
♠ 7 6 3
♥ J 4
♦ K J 10 5
♣ Q 9 7 2

EAST
♠ Q J 10 8 4
♥ A Q 9 8
♦ 9 3
♣ A K

SOUTH
♠ A K 9
♥ 5 2
♦ A Q 8 6
♣ J 8 5 4

The bidding:

West	North	East	South
Pass	Pass	1 ♠	Double
Pass	2 ♥	Double	2 NT
Double	Pass	Pass	Pass

Since the defence was all that it should have been, South came out with exactly three tricks—on his eight trick contract. Dugn 1,400.

"Gee!" he said plaintively. "And I had better than three and a half honor tricks, too."

North said very little, under the circumstances.

In the following discussion South pointed out that East's spade opening had been third hand, and argued that it might have been very weak. "If it was," he continued, "look how silly I would have felt, letting him get away with it."

This sort of "reasoning" is what leads to horrible bridge. It was as though South had argued that just because a player sat in third position he could not be dealt a big hand. Granted, South had 3½ honor tricks, and the club jack, but North had already passed and it was stretching optimism to the breaking point for South to hope that there might be game in the combined hands. Moreover, when South doubled one spade he was tacitly inviting a response in the other major, hearts, and the simple fact was that he could not even stand that response.

There was just one action for South to take on the first round and that was to pass.

SEES ROAD TO PARADISE BUT TURNS BACK

Dear Miss Fairfax:

"When I graduated from prep school two years ago I decided to study music instead of going to college. I'm rather serious, not one of those girls always in and out of love. I am 20 years old.

"My father's friend, a major, now assigned to the War Department, came to stay with us 'till he could find an apartment, which he now shares with another officer. He'd been sent home from the Pacific theatre where he had been very ill with malaria. He will not go back. The major is 45 years old and the most splendid looking man I've ever seen, especially when he wears his cap. I can't bear those overseas envelope things.

"I don't know whether he's in love with me or not. But he knows I love him, for I just told him before he left our house. He said, 'When a man sees the road to Paradise, you don't know what it costs him to turn back, little girl.' Then he left the house without another word. He seems to be avoiding me ever since.

"I called him up at his apartment and asked him if I might come and make tea for him. He laughed and said he hadn't any tea, and I mustn't come. Dad is amused at what he calls my first case of puppy love. Mother is angry and says for me to consider marrying him would be fatal. I just don't know what to do, and would like the opinion of a disinterested party.

"A. L. S."

To answer a letter such as yours, full of the joy that only a first love can bring, and your unhappiness over its uncertain outcome, is not a welcome task.

But cold facts must be faced and I wouldn't be worthy of your confidence if I didn't put them before you. You're 20 and your major is 45. When you're in the full bloom of young womanhood he'll be an old man and his impaired health doesn't make the question of your future easier to solve. Recurrent attacks of malaria may make him an invalid, sooner than his actual age. He must have had such a possibility in view when he told you how hard it was to turn back after a glimpse of Paradise.

Now, let me soften the blow by saying that many marriages with disparity of years such as you state have been happy. The question of greatest importance is that of this man's health. Also has he an income apart from what he receives from the Government at present, and later as a pensioner? And finally, your parents' reactions to this marriage are not to be lightly considered. Please write me again, I'd like to know what you decide.

Members will be guests of St. Saviour's Branch to a party at Willows Beach tonight at 7:30. A meeting for the old and new executives will be held at the home of Betty Ireland, 3440 Davidson Avenue, on Monday at 8 p.m. A Local Council meeting will be held on Thursday at 8 p.m. Next week will make the end of this year's activities and the members will spend the evening with Rev. Nursing and National Health

VIII.—UNIVERSITY EDUCATION FOR NURSES

At the close of the first world war, a great demand for speedily qualified public health nurses resulted in the inauguration of short courses in several Canadian universities following the American pattern. From this small beginning has grown an elaboration of courses until today the universities play a large role in the program of nursing education. Eight universities provide a wide variety of post-graduate certificate courses for nurses preparing them for staff positions in public health and for teaching, supervision and administration in hospitals.

Soon after the establishment of these certificate courses it was realized that since nursing is a vocation which assumes the right to call itself a profession, the demands for education could not be satisfied by the level of culture and training which are indicated by diploma standards. In order to liberalize the professional outlook of the nurse and to produce a group of women soundly grounded in the fundamental sciences on which the profession is based, skilled in technique and wide in their intellectual interests, universities all across Canada have organized degree courses for the education of nurses. These follow various patterns, providing for academic preparation for two or three years before the aspiring student enters the school of nursing and in most instances including the final professional year in one of the options. The University of British Columbia has the proud record of being the first in the British Empire to award a degree in nursing.

Though this broadening of the educational perspective for nurses has travelled far in the past twenty five years, the universities have not been concerned with the actual training of the students in hospital. That part of their education has been developed and overseen by the Registered Nurses Associations. The nurses in training are used for the purpose of providing care for patients in hospital as much as for the purposes of their own development of skills. In return for this service they receive their maintenance and a very small remuneration. The past few years have seen the development of schools of nursing on a truly university level. Here the students pay fees, all courses are planned and given by the university and the hospital wards provide the practice field. This swing away from the system of apprenticeship in nursing is organized under two of our universities. It points the way to the possible future development of nursing in Canada.

Bible Society Plea

On Sunday the Victoria branch of the British and Foreign Bible Society will ask, through the churches, the sum of $2,000 for the 1945 budget of the society.

The Bible Society has served for 140 years, and during that time has distributed millions of Bibles all over the world. Since the war began it has distributed Bibles and Testaments to the armed services and prisoners of war and plans an even wider program for the postwar era, but will need greater revenue to continue the work.

The society has published more than 700 versions of the Bible. It provides Bibles in more than 200 languages for all missionary societies.

Dr. Walter L. McKay, of the Emmanuel Baptist Church, is the president of the Victoria branch of the society.

The War Today

By KIRKE L. SIMPSON

A.P. News Analyst

It hardly needed the squelching by War Secretary Stimson of rumors of impending retirement of Gen. George C. Marshall, United States Army Chief of Staff, to convince observers that he will fill that all-important post for the duration of the war with Japan.

Gen. Marshall is too important a cog in the United States war machine to be spared at the halfway mark even if he had a desire to step out, which is improbable. His judgment and professional qualifications greatly impressed Prime Minister Churchill and Marshal Stalin in their contact with him when the high strategy of the war in Europe that has brought total victory over Germany was being shaped.

However, the other phase of the rumor of his possible retirement—and its probable starting point—still stands. It was to the effect that Gen. Eisenhower would succeed him as chief of staff when Gen. Marshall retired. That is a highly logical conclusion and there is precedent for it.

Gen. Eisenhower is young enough, ten years Gen. Marshall's junior. It is apt to fall to his lot to supervise the preparation of a report on army operations in Europe and include in it recommendations based on military lessons learned there for the future organization of the American military establishment. He would be the logical man to head the army as chief of staff in the postwar period when it is being refashioned in the light of war experience and its continuing missions on both sides of the world or under the commitments to be involved in the world security pact taking shape in San Francisco.

WILLOWS MAY BECOME VERY BUSY PLACE

With box lacrosse firmly established, wrestling slated to make its seasonal debut on Thursday, June 28, and the talk of a local promoter planning to stage boxing shows, the Main Building at the Willows Exhibition Grounds promies to become a very popular and important place with Victoria's sports loving public.

As we see it, the set-up at the Willows is ideal for all three sports, and with a definite lack of sports attractions, the addition of the boxing and wrestling shows would, we feel, meet with good support from the fans.

After hearing so much about the work performed by the energetic officials, players and friends of the Greater Victoria Box Lacrosse Association, we took a trip out to the Willows and took in the show for ourselves. To say the least, we were delightfully surprised.

The box lacrosse set-up is superior to that which proved so popular at the old Victoria Sports Centre, and those responsible are to be commended for their efforts. The lacrosse box is larger, and the seating accommodation is very well planned.

Jim Downing, wrestling impresario, who plans to open at the Willows with Jim Londos, was well impressed with the layout and the building. Said he, "Why this is the perfect set-up." And no one was more pleased than the genial promoter when he completed arrangements with the officials of the Greater Victoria Box Lacrosse Association.

Now, about boxing shows. We understand that a Victoria promoter is interested in staging boxing bouts at the Willows every second week. Frankly, we think it would be a good plan. With wrestling and boxing added to the box lacrosse program this city's sports fans would have much added evening entertainment at their disposal.

GATHERED FROM HERE AND THERE

Carrying a total value of $87,670, the 55th running of the Preakness Stakes will be held today at Pimlico. Nine of the country's top three-year-olds are slated to go postward in this rich racing classic, and this is the way our handicapper has picked the race: 1, Hoop Jr.; 2, Pavot; 3, Alexis . . . Most disappointed man at Royal Athletic Park last night when the ball game was called was Dave Essler, manager of the Eagles. The Birdmen were leading, 3-1, when the flare-up which resulted in the cancellation of the contest broke out . . . Sibi Sisti, former short stop of the Boston Braves, who is slated to appear at Royal Athletic Park with the star-studded United States Coast Guard team today, batted .288 during 1942 in the National League. He is credited with batting in 35 runs. Defensively, he is reported to be one of the classiest infielders to ever show in the Pacific Northwest . . . Just about eight years ago today, Norman (Baby) Yack, then only a year out of the Simon Pure boxing ranks, set the Canadian boxing world agog by winning a split decision over Frankie Martin, of Montreal, in a scrap for the Canadian bantamweight championship. One of Canada's most colorful boxers, Yack built up an enviable record before retiring . . . "Duffer" McCaghey, Victoria box lacrosse star, recently released from a German prison camp, is expected home shortly. Unless we miss our guess, McCaghey will be out at the Main Building, Willows Exhibition Grounds, playing the gutted stick pastime in the local league . . . Another grand athlete and boxla player extraordinary, Fred Ranson, is also heading for home shortly. He, too, will probably soon be seen in action on the local lacrosse front.

Frenchy Bordagaray's pinch single with the bases loaded in the seventh scored two runs to tie up a see-saw game at 6-6 and the Brooks tallied three more in the eighth on a triple by Goody Rosen, a double by Dixie Walker and two singles.

The Braves fell one run short of knotting the count when Chuck Workman slammed his eighth homer with Joe Mack on base in the eighth.

American League

WASHINGTON, June 15 (AP).—Substitute Outfielder John Lazor's bounding single past first base broke up a 14-inning struggle, 6-5, in favor of Boston Red Sox over Washington Senators tonight in the first game of an American League double-header. Dave Ferriss went the route for his ninth victory.

Under an American League rule that no inning shall start after 12:50 a.m., the second game was called at the end of the 13th inning with the score tied, 4-4.

In the first game, with two outs in the 14th, George Metkovitch walked, went to third on Bob Johnson's single and romped home with the winning run on Lazor's hit.

Ferriss proved his staying qualities by riding out Washington's hard hitting in the early innings and outlasting Marino Pieretti, Alex Carrasquel and Roger Wolff, the loser.

Hoop Jr. Is Favorite In Preakness Stakes

Winner of Kentucky Derby Top Choice in 55th Running Today at Baltimore Track

BALTIMORE, Md., June 15 (AP).—The 55th and richest of all Preakness stakes will be run over Pimlico's 13-16-mile distance tomorrow, with Hoop Jr., easy winner of the Kentucky Derby, the favorite to whip eight other three-year-olds and set the second jewel in the American turf's triple crown.

Headliner of a one-day program that will see renewal of five stakes and upwards of $165,000 distributed in purses, the $87,670 Preakness will offer three horses—Derby Dieppe, Alexis and Sea Swallow—that trailed Junior in the Derby, a chance to prove that the muddy going at Churchill Downs was not to their liking. A lightning fast racing strip and Midsummer temperatures are forecast for tomorrow.

But the chief opposition to the hard-hitting bay from F. W. Hooper's Jacksonville, Fla., stable is expected to come from Walter Jefford's Pavot—a colt that was all victorious as a two-year-old and bowed by a narrow margin in his only start this season. Pavot was not entered in the Derby.

Sports Club Fastballers In Easy Win

Taking advantage of costly errors and hitting hard in the clutches, Sports Club buried the Victoria Box under a 15-5 count at Central Park last night in the only game played of three scheduled contests in the women's section fastball loop. New Method Laundry and V.M.D. failed to put in an appearance and the games were defaulted to the Clerks' Union and Adverts, respectively.

Sports Club were away to a good start when they scored three times in the first inning and added six in their next turn. A series of mixplays by the losers plus some hard hitting shoved over another half dozen runners in the fourth for the winners. The last rally marked the appearance of Ella Sommer, who pitched Victoria Box to the championship last season. Sommer relieved May Medler and was not scored on in three innings.

Losers scored in four innings but never seriously threatened as Marg Hanna here down with runners on. Successive triples by Vera Travis and Sommer marked a futile attempt for a last inning rally by Victoria Box in the seventh.

McCormick was the rug tucker for the winners, lacing out two doubles and a single, while hard-hitting Joyce Holding powered a home run in the fourth. Play of the Sports Club infield was steady all evening and they played no small part in the verdict.

Short Score—	R.
Sports Club	360 600 0—15
Victoria Box	110 200 1— 5

Batteries: Hanna and Milliken; Medler, Sommer and Barr.

Eagles Get Game When Army Quits

LEAGUE STANDING	W.	L.	Pct.

R.C.A.F.	5	3	.625
Navy	5	3	.625
Army	3	6	.250
Eagles	1	8	.111

Last night's score: Eagles 9, Army 0 (Default).

Eagles finally entered the win column of the Victoria Baseball Association standings when they were awarded a 9-0 decision over the Army, when the latter club refused to field a team following banishment of Catcher Harry Holness in the first of the third inning when he continued to protest to Umpire Bridgwood after being warned twice.

Trouble began in the third when the Eagles were in the midst of a budding rally. Holness complained that Bridgwood stationed himself in a spot that interfered with the game and kept up his objections despite warnings, finally snapping Bridgwood's patience and being thumbed out. Army claimed they had no other catcher and would be unable to continue. They were given one minute to resume play by Plate Umpire Restell, who awarded the game to the Birdmen on the expiration of the time limit.

Apparently making a determined bid for their initial victory, Eagles were none too happy over getting their first win through a default. Score was tied at 1-1 when they came to bat in the third. Richards led off with a hit to right and was bunted along by Yardley. Scratch hits by Raftery and Douglas loaded the sacks. McLellan scored one with a single and the second run came in when Rosedale passed Anderton, leaving two runs in and the bags loaded with one out when the game was called.

Hines Continues To Head Field in $17,500 Tourney

Cards Sub-Par 67 in Second Day's Play—Johnny Bulla Moves Into Second Position

By HAROLD CLAASSEN

PHILADELPHIA, June 15 (AP).—Blond Jimmy Hines, of Chicago, shaved three more strokes off Llanerch Country Club's par with a 67 today to reach the halfway mark in The Philadelphia Inquirer's $17,500 invitation golf meet with an aggregate of 133 and a two-stroke lead.

Johnny Bulla, Atlanta airplane pilot, kept within two blows of the leader by duplicating Hines' card, but Byron Nelson, of Toledo, golf's mechanical man, dropped one stroke off the pace by blowing a six-foot putt on the final green for a 68.

Bulla had 135 and Nelson 136 for the first 36 holes of the tournament played for the benefit of the Pro Golfers' Rehabilitation Fund. Tomorrow only the low 60 pros and ten leading amateurs will continue.

Hines, 40-year-old veteran, playing as though he had found the fountain of youth, again mastered the 6,370-yard par 70 layout except for the ninth and tenth holes. Four under par going to the ninth, he dropped his drive into a sandtrap and zoomed to a five. On the tenth his second landed in the sand and again he needed five to get down.

He finished his tour with a pair of birdies, driving to the edge of the green on the 305-yard final to cut off another stroke.

Best round of the day was turned in by Harold (Jug) McSpaden, whose hay fever abated enough to permit him to score a 68, a figure that equalled Hines' effort of yesterday and tied the course record for the second straight day. He was 139 for the two days.

Sam Byrd, Detroit pro defending his title, found plenty of difficulty on the back nine and added a 72 to his 71 of the first round. Ed Furgol, Detroit war worker, leads the amateurs with a 69-73—142.

Sammy Snead, of Hot Springs, Va., withdrew after discovering that a bone in his forearm had been splintered in a softball game.

Reach Finals of Fairall Trophy At Victoria West

In the semi-finals of the Charles Fairall Trophy played last night at the greens of the Victoria West Lawn Bowling Club, P. Johnston and R. MacKenzie defeated J. Kenmuir and H. Philbrook, 22-19, and T. Smellie and P. Corcoran registered a 24-19 triumph over R. Dunster and L. A. Robins.

The final will be played at 2 p.m. today.

In the triples competition S. Smith, J. Patterson and H. Baker (skip) won the honors in Section Two, while in Section One, G. Riquebrun, D. Knox and C. Fea (skip) tied with W. Grimes, A. Clyde and E. Edwards (skip). The winner of this play-off will meet H. Baker's team in the final at 7 o'clock.

An open draw game will be played this evening. The women members will serve refreshments, and it is requested that participants bring their own sugar. All bowlers will be welcome.

Club officials announced last night that in view of the Wilkinson doubles being played Tuesday at Beacon Hill, the men's rink games will be played Monday at the Victoria West greens.

SOLONS TURN BACK SAN DIEGO PADRES

SACRAMENTO, June 15 (AP).—Breaking a three-game losing streak behind the masterful one-hit pitching of Southpaw Bud Beasley, the Sacramento Solons turned back the San Diego Padres, 8-1, tonight before 3,875 fans. Beasley, who just joined the club after his school-teaching duties in Reno were over last week, struck out five and walked none.

Tony Criscola's line single into centrefield in the fourth inning was the Padres' only safe hit, and their only counter, in the first inning, was unearned.

San Diego	100 000 000	—1	1	2
Sacramento	130 001 30x	—8	10	2

SEALS RALLY IN FINAL INNING

OAKLAND, Cal., June 15 (AP).—The San Francisco Seals stemmed a ninth-inning rally by the Oakland Acorns to eke out a 11-10 Pacific Coast League win tonight. The Seals appeared to have the game on ice after exploding in a seven-run spree in the fourth inning, but the Oaks punched over four runs in the final frame before they were cut down.

San Francisco	021 700 001	—11	16	3
Oakland	004 002 004	—10	12	1

Ray Robinson Stops McDaniels in Second

NEW YORK, June 15 (AP).—Ray (Sugar) Robinson replied to criticism that he was "slipping" by knocking out Jimmy McDaniels tonight in the second round of a scheduled ten-round bout in Madison Square Garden.

The "uncrowned welterweight champion," who did not look so good in his last two fights against Jake Lamotta and Jose Basora, put his Los Angeles opponent down for the count in 1:23 of the second stanza after the bell had cheated him of a first-round kayo.

A dynamite-laden left hook felled McDaniels like an ox for the knockout punch. The Californian fell face down in his corner and was still stretched full length as Referee Benny Leonard completed the count.

Al La Barba, 142½, New York, won the decision over Jimmy Pierce, 137½, Vancouver, in four rounds.

The Sporting Thing

"Probably gonna wash his neck!"

At the Theatres

ATLAS THEATRE Victor McLaglen took time out from supervising his California ranch to play the part of "The Hook," bloodthirsty pirate chief in Samuel Goldwyn's Technicolor comedy "The Princess and the Pirate," ending tonight at the Atlas Theatre. Bob Hope is starred. It is a part that is tailor-made for McLaglen, and one feels almost sympathy for him when he is never permitted to cut out Bob's liver or fulfill any of his other horrible threats of mayhem.

CADET THEATRE Producers Michael Fessier and Ernest Pagano found a neat way of skirting the manpower shortage among professional dancers in Hollywood. They signed an all-feminine chorus to appear with Donald O'Connor, Peggy Ryan, Jack Oakie and Rosemary De Camp in Universal's comedy drama "The Merry Monahans," ending tonight at the Cadet Theatre.

CAPITOL THEATRE James Dunn, who never had a voice lesson in his life, wasn't at all worried about the fact that he would have to sing in "A Tree Grows in Brooklyn," the film ending tonight at the Capitol Theatre. The smiling Irishman walked off with the choice role of "Johnny Nolan" in Betty Smith's record - shattering best-seller, and "Johnny" as a million readers of the book know, has a colorful occupation. He's a singing waiter.

YORK THEATRE Even though Greer Garson still is married in her next screen role, she isn't drab, or earnest, or hard-working, or scientifically minded. As the very rich and fascinating "Mrs. Parkington," in the M.-G.-M. picture of that name ending tonight at the York Theatre, she has the biggest wardrobe of her screen career.

DOMINION THEATRE Columbia Pictures' first screen adaptation of the famous radio mystery series written by Carleton E. Morse, "I Love a Mystery," playing at the Dominion Theatre, will have its final showing tonight. Featuring Jim Bannon, Nina Foch, George Macready, Barton Yarborough, Carole Matthews and Lester Matthews, "I Love a Mystery" was directed by Henry Levin from the screen play of Charles O'Neal. Wallace MacDonald is the producer of the picture.

OAK BAY AND PLAZA THEATRES June Havoc has added a new word to her vocabulary. It is "snoofler" — a guy who glams gams. Or, in English, a gentleman who is distinctly interested in the contours of a lady's underpinnings. June, whose gams are worth glamming, co-stars in "Brewster's Millions," at the Oak Bay and Plaza Theatres, through United Artists' release, with Dennis O'Keefe, Helen Walker and Gail Patrick. The film ends tonight.

RIO THEATRE Sir Arthur Conan Doyle's fictional detective, portrayed by Basil Rathbone in Universal's popular screen series, makes it a practice to pass the hat on the set of each Sherlock picture. With the proceeds, a War Bond is purchased and presented by Rathbone to a man in uniform at the Hollywood Canteen. Basil Rathbone is starred in the "Spider Woman," which ends tonight at the Rio.

Shipyard Pay Not Settled

The Victoria Joint Shipyard Council announced yesterday through Fred Bevis, secretary, that it intended, with allied trade unions, to protest vigorously against the attitude taken by local employers on the question of time off for voting on June 11

At the same time, it was learned that Angus MacInnis, C.C.F. Fed- [illegible] Cartwright), chief electoral officer at Ottawa, for a full inquiry into whether the Victoria shipyards committed infractions of the Election Act in refusing to pay 3,000 workers for the two hours they took off on Monday to vote.

The announcement was made from C.C.F. headquarters at Vancouver, which said that Mr. MacInnis had acted on the request of the Victoria shipyard workers, and that general managers of both Victoria yards contended they have no authority to pay the workers for time taken off regular hours to vote

Mr. Bevis said yesterday that all major political parties had been contacted and their support requested. The pay for the two hours that the men took off will be due on June 29, and he hoped some action favorable to the men will be taken before that time

Other steps that have been taken are the sending of a protest to the Minister of Justice, and the setting of a special meeting of the Joint Shipyard Council for next Monday night.

The council secretary claimed the men were to be congratulated for their wisdom in taking time off and assuring themselves of the opportunity to vote. He said it was reported in other centres that workers had found it impossible to vote due to congested transportation and time taken to travel from the job to homes during rush periods.

Mr. Bevis stated that action of the men in spontaneously making up their minds and acting effectively when they felt an injustice was being done, even at the risk of possible loss of pay, indicates the valuable results of trade union training.

Will Loan Paintings

"The Vancouver Art Gallery has made a very generous gesture to the City of Victoria to share the permanent Emily Carr collection with us," Hon. Mark Kearley, chairman of the Federation of Canadian Artists, stated last night

A number of the paintings might be loaned to Victoria for a display in the proposed art centre or gallery, he explained

Mr. Kearley stated that an art centre association had been founded here and that money was needed

The Art Centre Association will hold a meeting at St. Margaret School to-morrow afternoon on Tuesday at 8 p.m. Representatives from each group interested in the art centre movement will be welcome.

Changes in personal injury and property damage insurance are [illegible] Category A1 discount reduced from 35 to 20 per cent; Category A, reduced from 25 to 10 per cent; Category B, discount removed, and the wartime industrial transit category discount reduced from 20 to 10 per cent. Thermopylae Club

At the 120th dogwatch of the Ship Thermopylae Club held recently at 1400 Broad Street, Capt. A. McDonald described a westerly passage around Cape Horn in the Summer when west winds prevailed. In the Winter he explained, ships took advantage of southeast winds to help in a westbound trip

In the voyage he spoke of six weeks were taken round the Cape Thunder storms, gales and heavy seas laundered the journey. We eventually made it, but six other ships went back to the Falklands and four others turned and ran. Capt. McDonald recalled.

Shipmate F. Webb told of the old ship's Thermopylae when she sailed out of Victoria and described his subsequent adventures on the sealing schooner Ariel.

West Coast Road To Be Surveyed

Predicated on the understanding that the Dominion Government will contribute largely toward the cost," the Provincial Government is including in its postwar program the construction of a road to the West Coast via Sproat Lake and Kennedy Lake, Hon. Herbert Anscomb, Minister of Public Works, has advised E. Homewood, first vice-president of the Alberni District Board of Trade. The Provincial Government proposes to undertake surveys as soon as engineering personnel can be secured.

The Alberni board discussed the road project with Premier John Hart and the Premier took it up subsequently with Mr. Anscomb.

Alberni anticipates the road will be from Port Alberni to Toffino, Ucluelet and Clayoquot by way of Sproat Lake, Kennedy Lake and Long Beach. Five miles at the head of Sproat Lake are in existence, and he said that a right of way has been slashed. A road has been built from Kennedy Lake to Long Beach. The projected road is described as the finest defence road of the Island and as the means of opening up markets and providing a first-class tourist route.

Tillicum Pupils In Outdoor Show

In line with a general physical fitness program in Saanich schools, pupils of Tillicum School yesterday held a two-hour outdoor program of exercises and games. With other schools, Tillicum is competing for the Saanich Inter-school award.

J. C. Briggs, chief inspector, acted as judge at the events. More than 500 students in Grades I to VIII participated. Arrangements were made by C. S. Taylor, principal, and teachers also assisted in the direction of the contest.

Members of the P.-T.A. served a tea evening for adult pupils from Cloverdale School, held a May pole dance.

The program concluded with presentation of awards won at the various schools. Spitfire Shield was awarded to Tillicum School, while Cloverdale School will receive a shield for the girls' softball championship. The Saanich Challenge Banner, awarded to the school having 100 per cent. attendance, was won by Cloverdale School, which also received the Saanich Inter-school Shield for the highest total points in the various events.

Children Show Talent

Pupils of Vancouver art students used 11 blackboards from a display of considerable interest, worked upon at the Provincial Museum.

Each week for the coming six weeks at the Canadian Institute, corner of Fort and Vancouver Streets, Gordon Webster, of Vancouver, will demonstrate how there had been progress in water colour painting in Canada, and will show examples of each period he will discuss.

Lists of work ranges from the beginning down to the present day. A number of the paintings have already been given to Provincial Public Schools, where they will be taken care of by their teachers.

3 IN MEMORIAM

BURKE.—In loving memory of Mr. P. A. Dearman, who passed away in Victoria June 10, 1944

Blessed are the dead who die in the Lord. They rest from their labors, and their works do follow them.

Ever remembered by his boys of Friends.

DAY.—In fond memory of our dear mother, Mary Jane Day, who passed away June 16, 1943

There is someone who misses and needs you,
And finds the time long since you've gone;
There is someone who thinks of you always,
Since it's you.

And tries to be brave and carry on.

—Always remembered by her daughter and son-in-law

There is no death! This clod of mortality
May lose its form through Nature's sure decay;
But the freed spirit in the realms of light,
Solves Nature's mystery—puts death to flight

There is no death! Just gone before
To prepare a place for loved ones here

John Day, 880 Madison Street, Victoria, B.C., June 16, 1945

DAY.—In ever loving memory of my dear mother, Mary Jane Day, who passed away June 16, 1942

Sleep on, Mother dear. Too good in life to be forgotten in death

—Always in our thoughts. Sadly missed by Bob and Gwen.

LYONS.—In loving memory of our dear mother, Mrs. Annie Lyons, who passed away June 17, 1942.

We saw you fading like a flower
But could not make us so
We loathed you with brute kindness
until God raised you away
Oh mother dear we loved you and our hearts ache for you still
Forgiveness to some others,
But by us you never will

Ever remembered by her daughters

5 IN MEMORIAM

BURKE.—In loving memory of Mr. P. A. Dearman, who passed away in Victoria June 10, 1944

Blessed are the dead who die in the Lord. They rest from their labors, and their works do follow them.

Ever remembered by his boys of Friends.

DAY.—In fond memory of our dear mother, Mary Jane Day, who passed away June 16, 1943

There is someone who misses and needs you,
And finds the time long since you've gone;
There is someone who thinks of you always,
Since it's you.

And tries to be brave and carry on.

—Always remembered by her daughter and son-in-law

There is no death! This clod of mortality
May lose its form through Nature's sure decay;
But the freed spirit in the realms of light,
Solves Nature's mystery—puts death to flight

There is no death! Just gone before
To prepare a place for loved ones here

John Day, 880 Madison Street, Victoria, B.C., June 16, 1945

DAY.—In ever loving memory of my dear mother, Mary Jane Day, who passed away June 16, 1942

Sleep on, Mother dear. Too good in life to be forgotten in death

—Always in our thoughts. Sadly missed by Bob and Gwen.

LYONS.—In loving memory of our dear mother, Mrs. Annie Lyons, who passed away June 17, 1942.

We saw you fading like a flower
But could not make us so
We loathed you with brute kindness
until God raised you away
Oh mother dear we loved you and our hearts ache for you still
Forgiveness to some others,
But by us you never will

Ever remembered by her daughters
